Embro, is the new organist and choir-  
leader at the United Church, replac-  
ing Miss Elma King, who has accept-  
ed a position at Ayr. Miss Stewart  
is the daughter of the principal of  
Acton Continuation School, and prior  
to coming to Georgetown Miss Stew-  
art was organist at Dundas St. Unit-  
ed Church, Woodstock. She will com-  
mence in her new position here on  
October 8th.

—The first "bicycle built for two"  
to make a public appearance in  
Georgetown since the gay nineties, was  
seen cruising the highways and byways  
on Sunday, with Kenneth Hulme and  
Gerrard Wilcox the inventors and  
riders. Made by taking the front  
wheel off one bike, and fastening the  
two together, the novel bicycle would  
work up quite a speed with two pe-  
dalling. The boys have taken it apart  
and put the front wheel on again  
now, so that each have a bike again.  
It takes only a short time to change  
it back to a "bicycle built for two"  
again.

## ONTARIO FARMERS 1000 MEN WANTED Now!

THIS is an appeal to THE FARMERS OF ONTARIO. The Packing  
Plants of Ontario, which process and ship your livestock for  
export, ARE SERIOUSLY SHORT OF MEN. Every available Farmer  
of Ontario is urged to offer his services for employment in one of  
the Packing Plants in this province as soon as the essential work  
of the farm is completed. OVER 1,000 men are required to start in  
the month of September alone. Good hourly wages will be paid.  
Transportation to the plant will be provided. Assistance will be  
given in arranging board and room.

With full staffs, the Packing Plants of Canada have ample capacity  
to handle even the tremendously increased numbers of cattle, sheep  
and swine, which Canadian farmers have ready for market this year.  
When operating to capacity the Packing Plants can keep the market  
cleared and livestock can be slaughtered, processed and shipped at  
its most profitable time, when it is at its market peak. Thus, losses  
which occur when animals are held beyond the peak—through  
additional feeding costs, through falling away from peak condition  
and through the danger to price structures when supply threatens  
to exceed demand—are avoided.

Last year several hundred Ontario farmers volunteered for work in  
the plants in processing their own products and protecting their own  
interests. Production for export this year has increased by 40%.  
Available man-power has shrunk by 28%.

The Ontario Farm Service Force, in conjunction with Employment and Selective  
Service has undertaken the task of raising sufficient help from Ontario Farmers  
to keep Packing Plants operating to capacity this year. This department of  
the Ontario government's Department of Agriculture feels that this extension  
of its service is as vitally important to the interests of the farmers of this prov-  
ince as anything it has yet undertaken. The need of meat as a primary essential  
food to our Allied Armies, to the people of Great Britain and to the starving  
millions in countries being liberated by our victorious armies, is the basic  
consideration. In addition, efficient operation in the processing and marketing  
of livestock is necessary in protecting the greatest export market ever opened  
to Canadian farmers.

Your services are needed from now until spring. If you cannot devote that  
full period of time, a month or more will be of great assistance.

OFFER YOUR SERVICES AS SOON AS POSSIBLE. If you cannot go to work at once, call or write,  
stating that you will come, and at what date you will be available. Remember you will be serving  
your own best interests as well as playing a vital patriotic part in serving your country.
