

THE SEA WILL GIVE UP TREASURE

to men who think of tomorrow

SALVAGE SUBMARINE OF TOMORROW! ... Already more than 40 million tons of shipping have been sunk in World War II. What a treasure trove of valuable metals and non-perishable cargoes may be reclaimed with these powerful undersea craft ... equipped with salvaging cables and with decompression chambers for diving operations. They're coming ... planned by men who think of tomorrow!

MEN who think of tomorrow are planning many startling post-war engineering enterprises. The salvage of deep sea treasure by giant submarines is one of the most practical ... and profitable.

But until the day arrives when men and machines are free for such fascinating exploits, we have a lot of salvaging to do on the home front!

For instance, the need for waste paper has never been more urgent than it is now. Are you salvaging yours? ... Gigantic quantities of explosives must continue to flow across the sea to our armed forces. That takes glycerine and

glycerine takes kitchen fats. Are you salvaging every drop you can?

There is no respite for anybody in the kind of a war we're waging. None for the soldier, none for those at home ... None of us is through with the job until the last enemy flag comes down. And that means, among other things, buying more and more War Savings Certificates and Victory Bonds, and it means hanging onto them, too!

Tomorrow will come, as it always has ... but it will be the brighter for the sacrifices we make today. Let us all be **MEN WHO THINK OF TOMORROW** ... and get ready for it NOW!

* THE HOUSE OF SEAGRAM *

All Seagram plants in Canada and the United States are engaged in the production of high-proof Alcohol. High-proof Alcohol for War is used in the manufacture of Smokeless Powder, Synthetic Rubber, and many other wartime products.

Reliable Protection

Brantford Roofing has provided thousands of Canadian homes with reliable protection against the elements, during the past 40 years. Skilled Brantford craftsmen, using the finest materials, combine beauty and permanence with special weather-proof and fire-resistant qualities to make Brantford Roofs an outstanding value; long-lived, easy to apply and reasonably priced.

Brantford Roofing offers you a choice of colours which are as soft, warm and distinctive as Nature's own. They blend perfectly with their surroundings and give your home a new, heart-warming beauty.

Brantford Asphalt Slates are the aristocrats of roofing. They have exceptional dignity and charm; require no upkeep; and help to reduce the cost of fire insurance.

THE WEATHER

By H. L. Hutt

When we read of the folks up at Dundalk, not far north of us waking up to find the ground covered with snow, of blizzards and snow in the Ottawa district, and of motorists held up by snow drifts in eastern New York state, we still think we must be lying in Pleasant Valley, for our only precipitation last week was a couple of showers that totalled only one one-hundredth of an inch.

But we are taking no chances on such a state of affairs continuing indefinitely and are filling up the old coal bin, and planning to get a new ration book.

Here are our local records for the week past:

| Date | H. & L. Temp. | Rain-fall |
|-----------------|---------------|-----------|
| Tues., Oct. 10 | 54 43 | |
| Wed., Oct. 11 | 52 41 | |
| Thurs., Oct. 12 | 50 35 | |
| Fri., Oct. 13 | 68 40 | |
| Sat., Oct. 14 | 58 36 | .01" |
| Sun., Oct. 15 | 52 29 | |
| Mon., Oct. 16 | 61 34 | |

—The smoke from bonfires fills the air these days as citizens set to with a will for their annual fall clean-up.

LORNE SCOTS AUXILIARY PACK 75 XMAS PARCELS

The ladies of the Lorne Scots Auxiliary packed 75 Christmas parcels for Lorne Scots men overseas, and mailed them last Friday. The parcel committee was headed by Mrs. Herbert E. Harlow. She was ably assisted by a large turnout of the organization members. The assembling and packing of the parcels was done in McGibbon's Hotel Store. The men who enlisted in the Lorne Scots from Georgetown and district, and who have returned to Canada, will also receive Christmas parcels at a later date.

Each of the parcels contained the following articles: bath towel and face cloth, pair of socks, pair of gloves, shaving cream, tooth paste and brush, shoelaces, shoe polish, pencil, razor blades, chocolate bar, chewing gum, package cigarettes, 1 lb. Christmas cake, 1 pound hard candy, 1 tin sardines, 1 pkg. cheese, 1 pk. soda biscuits, 1 emergency kit containing adhesive tape, bandages, etc.

As can be imagined, these parcels were a good weight, and the postage alone amounted to \$57.00. The ladies wish to express their appreciation for the assistance of Mr. H. C. McClure, in purchasing articles for the parcels, and to Miss Verna McLintock, who helped fill out the declaration slips.

In addition to these annual parcels overseas, the Lorne Scots ladies keep the Lorne Scots men in Christie St. Hospital, supplied with fruit and cigarettes. Every man returning to Canada from overseas combat, is presented with a flat fifty of cigarettes and a card of welcome from the organization. In a few weeks, the Auxiliary will be packing six Ditty Bags for the Navy League, as they did last year.

—A small blaze caused by children lighting rubbish, was put out by the Fire Brigade on Friday the 13th, at the back of Jack Harlow's home, on Main Street. No damage was done. This was the only fire reported in Georgetown during Fire Prevention Week.

PERHAPS you thought that Long Distance Lines were less crowded now.

Actually, they are carrying an average of 2,400 calls per day more than a year ago.

YOUR HELP IS STILL NEEDED if urgent war messages are to go through promptly. Please use Long Distance only when you must, especially to busy war centres.

REMEMBER—NIGHT RATES NOW BEGIN AT 8 P.M.
