A Message

From the Chairman

Our job in Georgetown and Esquesing is to sell \$385,000 in Victory Bonds, and we are well organized to do it. This is our share of the Seventh Victory Loan of \$1,300,000,000. Undoubtedly we should all buy all we possibly can, to the point where it takes our savings and part of our credit.

The fact that the money is needed is beyond question. The war is close to us here with hundreds from this vicinity in the services, with many overseas.

This is an investment in Canada's future. There is no better investment in the world, and no better post-war security for the individual to carry him over any emergency that may arise.

Invest in Victory and your future.

W. F. BRADLEY,

L. E. FLECK,

A Message

From the Rural Chairmen

Freedom is never a gift. It must be fought for and paid for.

The adjoining pictures show us something of the price that devastated Europe is paying in physical destruction.

Part of the price we must pay, is to buy VICTORY BONDS.

Victory Bonds support the attack now and buy us tractors after the war.

This is a call to the primary producer of Esquesing Township. Let us help ourselves by helping our country.

ESQUESING DISTRICT
CHAIRMEN.

HERE IT IS PEACE AND PLENTY

Give Thanks by Buying Victory Bonds
