GIRL GUIDE NEWS

The Girl Guides met Wednesday night under the leadership of Lieut. Anderson. The girls discussed our annual Christmas party which is to be held this year on the 20th Dec. in the club room adjoining the Church of England. The Kingfishers patrol volunteered to get a Christmas tree and firewood. The Bluebirds are looking after refreshments. The Scarlet Tanagers are to wash the dishes that night. The girls first wanted a skating party but as there may not be any ice by then we decided to postpone a skating party till a later date. We played musical chairs with Kathie Thompson at the piano and also sang a few carols. The meeting broke up early with the singing of Taps. Court of Honour met later to discuss party plans.

When is a Dollar Not a Dollar?

When it won't buy a dollar's worth of goods! For instance, compared to present-day standards, your dollar of the last war was worth, not a dollar... but sometimes less than 50c... Housewives, who went marketing in 1917, had to part with for a four-pound jar of jam which you buy to-day for... Dad's winter underwear set him back then, as compared to the he could buy it for to-day. You get a lot more for your money NOW... because price ceilings and other anti-inflationary measures have kept the value of your dollar HIGH! That's why it will pay you to see that selfish spending never undermines price control in Canada. Remember, you protect your dollar's worth when you use your money wisely... when you pay off debts... refuse to buy needless luxuries... give black markets a wide berth... and don't hoard goods.

Make This Pledge Today!

I promise to give my support to keeping the cost of living down. I will buy only what I need. I will observe the ceiling whether buying or selling goods or services. I will pay off old debts, save for the future, invest in Victory Bonds and War Savings Certificates. And I will support taxes which help lower the cost of living.
