WARD BROWNIDGE TELLS NORVAL JUNIORS OF CHICAGO TRIP

The monthly meeting of the Norval Junior Institute and Junior Farmers was held on Tuesday evening, Jan. 13 at the home of Jim Doane.
Marion Hunter took charge of the Junior Institute meeting due to the illness of its President Charlotte McCullough. The theme of the meeting was music, and the roll call was answered by good listening on the radio. Mrs. R. H. Wright, of Georgetown, described the great value of music in the home. She mentioned the mental and recreational values derived from the ability to play a musical instrument. Every child should have a musical education to benefit home and community life.
At the meeting of the Junior Farmers, President Bruce Reid was in charge. Donald McNabb spoke on replicated test with grain varieties and methods of applying fertilizers.
At the joint meeting, Ward Brownridge was the guest speaker. In a most interesting manner, he gave a splendid account of his recent trip to Chicago.
An interesting feature of the evening was the presentation of a hostess tray to Mr. and Mrs. Denny Charles in honour of their recent marriage. Bill Alexander, on behalf of the

HORNBY

The base line east of Hornby which has been completely blocked to motor traffic for several days since the last blizzard struck, was finally opened on Monday of this week. The big plows of the King Paving Co. of Oakville, were engaged to move back the mountainous drifts of snow, and they made a good job of it, but not without considerable difficulty. It has caused serious inconvenience to the many who use this important road to have had it blocked so long. Let us hope it will not occur again this winter.

Plans are underway for the holding of the annual World's Day of Payer service in Hornby United Church on Friday, Feb. 16th at 2:30 p.m. DST. This will be for all the women of the Hornby churches, also Bethel and Ashgrove United Churches, and will be in charge of Mrs. Percy Merry.

CEDARVALE
