 —Packed with the love songs always at the top of America's hit parade... with the romance of two hot-headed sweethearts who love as only the Irish can... and with rough, rolisterous fun of Broadway in its gayest heyday, Damon Runyon's "Irish Eyes Are Smiling," plays at the Gregory Theatre this Saturday. The new 20th Century-Fox technicolor musical starring Minnie Woolley, June Haver and Dick Haymes, is based on the life of Ernest R. Ball, America's greatest composer of sentimental ballads.

HYDRO RURAL WARTIME EXTENSIONS

With labour and metals drained by war, an unavoidable limit is placed on the number of new rural Hydro services that can be installed in 1945. Nevertheless, your Hydro is extending essential rural services to the absolute limit of labour and materials available.

About 8000 applications, made and approved during 1944, still await service, and many have since been added. These will be connected as soon as possible. It will take all the man-power, materials and effort that Hydro can command to bring service to these applicants in 1945. Those requesting service along existing power lines may, in some cases, be connected before prior applicants who require lengthy extensions. We regret that many approved applications may not be completed before 1946.

In 1944 your Hydro constructed about 400 miles of new rural lines, and added 9776 new customers.

With some 1200 Hydro employees in the armed services or on loan to the government for technical work, along with the shortage of many materials critical to war needs, your Hydro has done and is doing everything possible to extend electricity to essential services. If your turn seems slow in coming, please consider the wartime conditions under which your Commission labours, and be assured that it is doing everything possible to serve you with the utmost speed.
