Why don't ducks get water-logged? Everybody knows that Nature has provided them with effective protection - unique, water-repellant oils impregnating their down and feathers.

Effective protection is the keynote to satisfaction in Brantford Roofing, too. Dependable against the elements, fire-resistant, durable and . . . attractive—Brantford Roofing serves countless thousands of Canadian homes.

Whether you are re-roofing an old home or building a new one ... whether yours is a cottage or a castle . . its charm and smartness will be vastly enhanced by the harmonious, tasteful designs offered by Brantford Roofing. It's easy to apply, it's reasonable in cost and it will not curl, warp or split.

Conservative Convention at Milton

An enthusiastic meeting of about 400 was held in the Town Hall, Mikon, on April 20th to nominate a candidate to contest the County of Halton in the coming Provincial election on June 4.

The meeting opened with some very timely remarks by the President, Mr. Duncan McCallum, who started nominstion proceedings. On motion i was decided to have an open nomination and Mr Stanley Hall was nominated by Mrs. Grace Hallet, of Oakville, seconded by Mr. L. E. Pleck of Georgetown. On motion, nominations were closed and Mr. Hall duly nominated for the Progressive Conservative Party in this riding.

Mr. Hall, then came to the platform and very ably outlined the work of the Drew Government for the short time they were in office showing how they had implemented the 22 points they had promised before the election only two years ago, also outlining the encouraging letters he had had congratulating the Drew Government and himself on the bill regarding "Religious Education in the Schools."

Mr. Hall also explained the working of the stock yards before taken over and now showing the amount of that has been saved for the farmers in operating the stock yards as the Government is doing.

Mr. Hall gave some very illuminating figures on the amount of monies paid to different schools in this county, and generally pointed out the very worth while legislation that the Drew Government had put in force in the short time they had been in power, and promising that he and his government if returned would continue to put in force the very best legislation for the country as a whole.

As the Pederal election follows the Provincial election so closely, Mr. A. S. Nicholson, the Federal candidate for Halton, spoke at the meeting, first congratulating Mr. Hall on his nomination and then outlining the work that he and his organizers were doing. He also introduced to the meeting Mr. Peter Tulley, of Burlington, who is assisting Mr. Nicholson in the county organization.

Mr. Nicholson gave some very impressive accounts of his recent talks with the National Leader, Mr. Bracken telling of the work he was doing in the interest of the country as a whole. The meeting closed with the singing of the National Anthem.

the SHOUT that became a whisper

We've looked forward a long time to celebrating the installation of our millionth telephone. Now the great day has come and gone, with only a brief press notice to mark its passing. There are more important things to do just now. Besides, we can't forget that 70,000 further applicants are today waiting for telephones.

It may surprise you that 215,000 more Bell telephones are in service now than when war began. With telephone manufacturers practically 100% on war orders, it was done by (1) using up reserve stocks and (2) reconditioning used equipment. We have thus been able to meet - fully and on time - every essential war demand for tele-

phone service. Only materials left over after these needs are met can be used to look after our "waiting list". These unfilled orders are our constant concern. Filling them calls for additional wire, and cable, and intricate exchange apparatus, and all the other elements of a complete telephone system. And this, in turn, is just one part of the whole construction program we will undertake once men and materials are available. It means lots of work ahead for every Bell employee, whether at home or in

That the first "Horse Car" for paid passenger traffic is claimed to have made its appearance in New York City November 14, 1832.
