JUST PLAIN SENSE!

The Canadian people have made a magnificent contribution to the common victory in Europe.

The Liberal administration can say with honesty and justice:

This is the Government which has directed Canada's war effort at home and abroad.

This is the Government which during the war worked out a program of full employment and social reform.

These things are now a matter of record and of common knowledge.

On the basis of its record the choice of Prime Minister King's party to form the next Government of Canada is a matter of just plain

Let the Liberal Government finish its work
