1200 Attend Halton and Peel Holstein and Jersey Field Day

Favoured by ideal weather, a record crowd of 1200 participated in the annual Field Day of the Halton and Peel Holstein and Jersey Clubs, held at the Ontario Agricultural College, Guelph, on Saturday, June 9th. The morning programme included visits to the experimental plots, poultry department, greenhouses, a long term pasture, and the dairy barn,

The entire group were guests of the College to dinner which was held in the College dining hall. The afternoon programme included an address by Dr. C. I. Christie; livestock judging competitions; a parade of college livestock; and a sports programme, The latter programme was run off under the direction of A. T. Woodley to Milton and Chas, McKeown of Acton. The winners in the Judging Competition were as follows:

HOLSTEIN SECTION Ladies' Division-Mrs. C. W. Strangways and Mary Lou Fraser, both of

Peel County (tied). Men's Division-Clarence Anderson Terra Cotta; J. C. Bell, Morley Watson, Tansley; and Livingstone and Douglas Fraser, Peel County; (all of whom were tled for first place with perfect scores).

Ward Brownridge, Georgetown; 2nd, and Mrs. Victor MacDonald. Going the future. Tie, Craig Alexander, Georgetown, overseas three years ago as a lieuten-John Lyons, Peel County.

JERSEY SECTION Ladies' Division-1st, Mrs. Lorne Canadian forces in Holland.

Ella, of Rockwood; 2nd, Mrs. F. Ramsden, Rockwood.

Men's Division-1st, Jim Holland, Oakville; 2nd, Ellsworth Arnott, Peel County; 3rd, tie. H. H. Arnott and Stewart Mellon, both of Peel County. Junior Farmers-1st, Peter McKellar; 2nd, tle, Carl Laidlaw, County; Beverly Ella, Rockwood,

The winning ticket on the purebred Jersey heifer calf was held by John Bellboddy, of Georgetown.

So ended one of the most successful field days yet staged by the thriving Jersey and Holstein Clubs of the two Counties. . Those in attendance left for home loud in their praise of the courtesies, co-operation and general hospitality extended by President Christie and his staff.

Birthday congratulations to Gnr. Ed. Stapleton, of Norval, who celebrated his third birthday overseas yesterday, June 12th, Overseas since March, 1942, he is at present with the Canadian Army in Germany. He has two bothers overseas-Pte, Cecil north-west Europe and Pte. Albert in and the Rally at the Maple Leaf

Fred McEnery, Clerk, FRANK PETCH, Auctioneer

of the United States and Great Britain, will eat less sugar during the balance of 1945.

To meet our own needs and the urgent requirements of our Allies and the liberated countries, our share of the reduction must total nearly 200,000,000 pounds of sugar during the rest of the year.

To assure fair distribution of what is left, the sugar ration is to be cut by five pounds during the next seven months by reducing the monthly allotment to one pound in June, July, August, October and December. In September and November, the allowance will remain unchanged at two pounds.

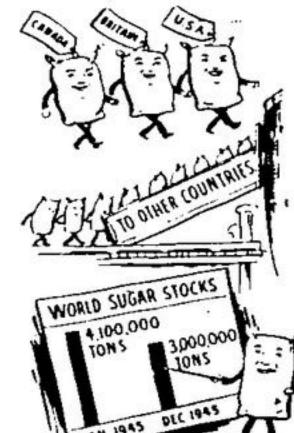

The ten pound sugar allotment for home canning, represented by twenty extra preserves coupons, remains unchanged. Two regular preserves coupons will continue to become valid each month.

ANSWERS TO YOUR QUESTIONS ABOUT SUGAR

- Q. How does Canada get its share of world
- sugar supplies? A. World stocks are pooled by the Combined Food Board of the United Nations which allots sugar to Canada, United States and Great Britain on a uniform per capita basis.
- Q. Where does the rest of the world sugar supply go?
- A. To other claimants, including liberated areas, European neutrals, Russia, the Middle East, New Zealand and other sugar-importing countries. Approximately one-half of this total is destined for liberated areas.
- Q. Is there less sugar in the world today?

dangerous minimum.

A. Yes. Because needs are up and production is down, world sugar stocks reached a new low at the beginning of 1945. By the end of the year, they will be down again, this time to a

Q. Why is there more demand for sugar? A. The rising demand largely reflects the needs of liberated areas.

- Q. Why is there less production? A. World sugar output is lower for these reasons:
 - Enemy occupation of some sources such as Java and the Philippines. Java, of course, is still in Japanese hands and, although the Philippines are liberated, production is not expected to be restored until late in 1946.
 - Other export countries have experienced serious shortages of labour and fertilizer.
 - 3. Record drought conditions and hurricanes have also cut into production in the important West Indian area.

with the winders and have the

INDUSTRIAL AND QUOTA USERS WILL ALSO GET LESS

Effective July 1, 1945, sugar made available to industrial users, such as bakers, biscuit and breakfast cereal manufacturers, makers of soft drinks, confectionery and

camby, and jam and wine manufacturers, will again be reduced. A further cut is also being made in the allotment to quota users, such as public eating places, while similar reductions are being made by the Armed Forces in the sugar quotas for service personnel.
