

YOU OUGHT TO KNOW..

Algonquin Park, Ontario, with an area of 2,700 square miles, has 2,000 lakes teeming with Brook Trout, Lake Trout, Small Mouth Bass, Pike and Pickerel.

We should all support the laws that are designed to protect and conserve the fish of our lakes and rivers.

Legion Notes

The regular meeting of Branch 120 was held last Thursday with President S. P. Chapman in the chair, and among the many important matters brought before the meeting was the passing of a motion by the members to donate the sum of \$100.00 to the Hospital for Sick Children Building Fund.

The degree team headed by Comrade Tom Grievie initiated several new members at the meeting and congratulations are in order to the new members as well as the following members of the degree team who performed their duties in an efficient manner—Comrades Grievie, Taylor, Harlow, Thompson, Roberts and President Chapman. The Past President, Comrade H. Stafford, read the obligation to the new members.

The Ladies' Auxiliary of the Canadian Legion voted a substantial check towards the Sick Children's Hospital at their last meeting.

Congratulations to Comrade Jimmy Roberts, who celebrated his birthday anniversary last Saturday. The age—ask Jimmy yourself as we prefer to stay on the right side of our popular member.

Tickets are now on sale by Legion members for the Victory E Jamboree dance to be held at the Armouries on Civic Holiday, and we would like to inform the purchasers of these tickets that a valuable prize of a fine wool

blanket has been omitted in the list of prizes printed on the tickets. Third prize should read pure wool blanket, fourth ladies' set and fifth basket of groceries.

While on the above subject of Victory E Jamboree on Civic Holiday the committee in charge are hard at work organizing the different allotments and all can be assured of a splendid day of entertainment.

Comrade Dean Harley is back in the club rooms after spending some time in Guelph Hospital. Dean is not his old self as yet, but is recuperating very nicely.

Sunday, June 24th, Comrades Pat Cullens, J. Murphy, J. Roberts, Mrs. F. Yates and Mrs. W. Carney motored to Toronto to pay a visit to Comrade Fred Yates, a patient in the Toronto General Hospital. Fred is getting along as well as can be expected. While on this visit Comrade J. Roberts took this opportunity to present a donation from the comrades of the local branch. Fred was deeply moved by the kind generosity of his friends, and through the medium of this column wishes to convey his sincerest thank to all comrades of the branch who have been so kind in thinking of him while under medical care. He hopes in the very near future to thank one and all personally.

So until next week, comrades, don't forget to dispose of some of the tickets you carry around for the Victory E Jamboree.—J.B.

MISS JESSIE McDONALD DIES IN BRAMPTON

Having been a resident of Brampton for the past thirty years, Miss Jessie McDonald, of 42 Market Street, passed away at Hamilton, June 23d, after an illness of lengthy duration. She was born in Caledon township, being a daughter of the late David McDonald and Julia Ann Orr McDonald. After leaving her township, she came to Chicago, Ill., where she resided with the Marshall-Heids Co. for five years. She returned to Brampton thirty years ago where she resided until her passing.

She is survived by two sisters and one brother—Mrs. George Townsend and Mrs. John Patterson, Sr., both of Brampton, and Samuel McDonald, Cheltenham. The funeral was held from her late residence, where the service was conducted by Lord E. Bignell, a former Reader of Third Church of Christ Scientists, High Park Ave., Toronto. Interment took place in the family plot at Boston Mills Cemetery. The bearers were: Fred McDonald, Bert McDonald, John Patterson, Fred Kinoshott, J. D. McDonald and Earle Henderson.

FARM FILMS TO BE SHOWN IN HALTON

The Halton Federation have signed an agreement with the National Film Board to operate one of their projectors with sound equipment in this County for the Winter starting in September.

They have chosen twenty points in the county where farm groups have agreed to sponsor monthly meetings. In the afternoons a special showing will be made in rural schools by arrangement with the school boards.

The film Board now have a large number of films dealing with a wide range of farm topics as well as home beautification, soil conservation, marketing farm products, Canada's natural resources, etc and many special films for school children.

However, they cannot carry on this educational work without a full time man. A number of other counties have given leadership in this work and they are most enthusiastic about their results.

This is a great adventure in Rural Adult Education and the Film Board is making substantial payment toward the expense of any County Federation that will take it on. There is only a limited amount of this equipment yet available in Ontario and we feel that Halton is fortunate in being accepted. Where it once starts, the rural people wish to have it continued. Several counties have requested a second unit.

WELCOME HOME

Do you think the trees are lovelier,
The grass more richly green,
The birds of summer sweeter
Than they have ever been?

Does the kettle sing more joyously?
Are summer nights star-clad?
Do white sheets bring calm slumber?
Do you wake refreshed and glad?

You do? Well, so do we dear—
Since mighty ocean's foam,
Layed down its magic carpet
For the ship that brought you home.

Woodstock, Ont. —Margaret Elson.

Tell your friends about Georgetown Fair which will be held this year on September 7th and 8th.

IMPROVED UNIFORM INTERNATIONAL SUNDAY SCHOOL Lesson

MAN'S FAILURES AND GOD'S PROMISES

LESSON TEXT—Genesis 6:5-7; 8:1, 4, 11, 20-22.
GOLDEN TEXT—While the earth remaineth, seedtime and harvest, and cold and heat, and summer and winter, and day and night shall not cease.—Genesis 8:22.

The beginnings of all things in the book of Genesis include, we are sorry to note, the beginning of sin in the fall of Adam. Soon we read of the first murder, Cain slaying his godly brother, Abel; because his acceptance with God exposed the wrong heart-attitude of Cain.

The godly line was renewed in Seth, but before long sin again lifted its ugly head. Now the wickedness of man had become so widespread that God was driven to a drastic judgment.

I. Judgment for the Wicked (6:5-7).

The Lord sees the wickedness of men—let us not forget that! At times it seems as though the ungodly flourish in their sin and that there is no judgment upon them.

God knows what goes on in the world. He is long-suffering and merciful, but there is a boundary line to His patience, and when that limit is reached, there can be nothing but judgment.

Ever imagination of the thoughts of man's heart was evil continually (v. 5). One is reminded of Jeremiah 17:9, and of such a contemporary estimate of man as that of Dr. Mackay, who said, "Psychology has unveiled the dismal and sinister depths in human nature. Man can no longer flee from reality into the romantic refuge of his own heart; for the human heart has become a house of horrors in whose murky recesses man cannot erect for his solace either a shrine or a citadel. Man is bad; he is a sinner."

God did not change His mind (v. 6), but man by his sin moved himself out of the circle of God's love over into the circle of His judgment. God never changes, but we change our relation to Him by our actions. Such is the evident meaning of this verse.

II. Deliverance for the Upright (8:1, 4, 11).

God remembered Noah, and he found grace in the eyes of the Lord" (Gen. 6:8) because he was "a just man" (6:9). At the Lord's command, he prepared the ark for the saving of himself and his house, and after the Lord had "shut him in" (Gen. 7:16), the great judgment by water came upon the earth.

After 150 days (Gen. 7:24), the Lord remembered Noah (8:1) and caused the earth to dry up once again. The same Lord who shut him in to keep him during the flood brought him out after the flood (8:15, 16), gave him great power (9:1-4), assured him of His protection (9:5-7), and gave him the great promise (9:8-16) of which the rainbow became the token.

The God who will in no wise forget the sin of the wicked will never leave nor forsake those who walk uprightly before Him. The story of Noah should stimulate our faith, causing us to obey and trust God. His protecting hand is over His children, and He can bring them through the darkest days of tribulation.

III. Mercy in the Midst of His (8:20-22).

"Noah builded an altar," for the first impulse of his heart was to give praise to God for His mighty deliverance. His offering came up to God as "a sweet savor," that is, it was pleasing to God.

To come before God with acceptable worship, man must come with clean hands. The question is not whether he is brilliant, learned, or of high position. The one thing that counts is obedience. When such a man offers the worship of his heart before God, it goes up to him like a sweet savor.

God knew man's heart (v. 21). He had no illusions that even the judgment of the flood would change it. Eagerly His love sought man's obedient response, but He well knew that the awful pestilence of sin would continue until the very end of the age.

So in spite of that sin, and in the very midst of it, God promised that He would never again wipe out humanity as He did in the flood. There would be individual judgment and collective judgment on certain groups, but never again the smiting of every living thing. Thus, He set men free from the terror which must have now been in their hearts.

The beautiful rainbow in the cloud became a token of God's promise and the visible assurance to "all flesh" that the judgment of the flood would not be repeated. Never again would seed time and harvest, nor any of the orderly processes of nature, fail throughout the whole earth.

What a gracious God we have! And what a pity that men presume upon His goodness.

\$6,000,000 BUILDING FUND

Will you help build health for countless children?

ABOVE is the architect's drawing of a new Hospital for Sick Children which the people of Ontario must begin to build in the immediate future. This task cannot be delayed. Scores of little children today are awaiting the specialized hospital attention which only this institution can give.

During the past 70 years, hundreds of thousands of sick and crippled Ontario children have been treated. 95 per cent. of the beds are in the public wards. The 88 doctors in attendance make no charge for these patients.

The research laboratories are among the largest of their kind in the country. All Canada benefits from this research. It has been effective in the prevention and cure of disease.

WHY IS A NEW BUILDING NEEDED?

The present hospital is obsolete and overcrowded. More beds are needed. The total number of patients treated has increased 50% since 1929. No bed is ever empty and there is a continuous waiting list of 200 cases. The estimated cost of the new hospital is \$6,000,000. Today, as

throughout its history, the hospital must rely on the generosity of public-spirited citizens. Thousands of little children look to you to restore them to health. Whatever you can give will bring rich rewards to you, to Ontario and to the Dominion both now and in the years to come.

FACTS

Tell the Whole Story

- Hospital founded 1875—six beds.
- College Street Hospital built 1889, with 190 beds. Extended later.
- Present capacity, City hospital, 320 beds, 300 in public wards.
- Constant waiting list, 200 patients.
- Hundreds of Thousands of Ontario children treated since foundation.
- Treated last year: Cot patients, 9,730; Out-patient treatments, 60,858.
- Research Work benefits whole of Canada and other countries.
- Over 3,000 problem cases admitted from "outside of Toronto" each year.
- 88 doctors give free services, totaling over 45,000 hours yearly.
- Hospital treats more children than any other hospital in North America.
- 600 beds urgently required, with all related services.
