Sports Were Big Attraction For Citizens on V-J Day

THREE BASEBALL GAMES AND RACES ATTRACT HUNDREDS TO PARK

The Georgetown Town Council provided the "tope" in a sports program for V-J Day that attracted one of the largest crowds to the park for such an event, and thus the celebration in town was held in a very orderly fashion, as compared with many of the larger centres in Ontario.

Mayor Cleave, Reeve MacDonald and all Councillors (and not forgetting the work of our Chief and town officials) had some part in the arrangements for the celebrations, but at the field day Councilor Bill Thompson, as master-of-ceremonies, kept things humming during the afternoon. Councilors Orr and McGilvray were in charge of the races.

In the softball games, Alliance defeated Smith & Stone 12 - 6. The winners met the Businessmen and were again victorious by an 18 - 4 score. The Glen team defeated the highly rated local squad 21 - 18 in the hardball game of the day. This game probably drew the most attention, as rivalry ran high, and the game went for 11 innings. Joe Stamp was on the mound for the Glen team, while Don Kerrington Jr. gave way for Malvern Spence for the local team.

The races and field events for young and old resulted as follows:

THE NEXT TIME YOU SEE PARIS

Shaking off the terror of the Nazi nightmare, Paris now has a liquor curfew and other restrictions, but Elliot Paul, noted author of "The Last Time I Saw Paris" writing in The American Weekly with this Sunday's (Aug 26) issue of The Detroit Sunday Times, tells why the "Queen of Cities" again will be the gay capital of old.

—Remember Georgetown Fair is only two weeks away, so all roads lead to Georgetown on Sept. 7 and 8.

It takes more than bricks!

SOMEDAY THAT DREAM home will be yours—if you are willing to fight for it today! Bricks may build a house, but to build a home you need more than bricks! You need security—a job—a future! And these depend on a Canadian dollar that will always buy a full dollar's worth of goods—a steady, sound dollar that's not pulled down to half its value by inflation! That's why it's necessary NOW—more than ever now—for all of us to fight and work to keep that dollar worth a dollar!

Why is it so important NOW? Because now is the time civilian goods are scarce, and money is plentiful. NOW is the time we must guard against paying MORE than things are worth... or buying things we

don't really need. We must support rationing, observe price ceilings, and avoid black markets. If we do this, we can keep prices from shooting sky high. If we don't, some day we'll be paying a dollar for fifty cents' worth of goods. This means your dollars—those dollars you've saved to buy your home—will only be worth fifty cents! *This is inflation!*

And after inflation comes depression! We know what happened after the last war! It mustn't be allowed to happen again. That's why, for our own sakes, and for the sake of the returned men to whom we owe a job, a future, a home of their own—we must make sure Canada's dollar remains steady. We must keep up a constant fight against our country's enemy—inflation!

Make this Pledge Today!

I pledge myself to do my part in fighting inflation:

By observing rationing and avoiding black markets in any shape or form.

By respecting price controls and other anti-inflation measures, and refraining from careless and unnecessary buying. I will not buy two where one will do, nor will I buy a "new" where an "old" will do.

By buying Victory Bonds, supporting taxation and abiding by all such measures which will lower the cost of living and help keep prices at a normal level.
