BRAMPTON 14 — NORVAL 10

Norval's short winning streak came to an abrupt end on Monday night, Aug. 20th, when the Brampton Lacrosse Club invaded the Recreation Centre and whipped the local lads by a score of 14 - 10.
The poorest crowd that we have seen this year was on hand, and the brand of lacrosse that was played wasn't first-rate by any means.
Brampton were the speediest on the field and made every move count, whereas Norval was the opposite, slow and not at all the same team that beat Inglewood the week previous.
This loss puts Norval in fifth place, the playoffs to start very soon. Whether more games will be played in Norval or not it is hard to say. However, a pleasant and profitable season has been evident for the first year for the new arena.

HUTTONVILLE 5 — S. & S. 2

One of the snappiest games of softball that has been seen this season, was played on Wednesday night, Aug. 22nd in the Georgetown Park, between the above teams. The game was started at 7:15 and was over by 8:05 (seven complete innings); the quickest so far this year.

Huttonville were really "in the groove"—McMurphy pitched wonderful ball and his backing up was perfect—not one error made by the team itself. Holden's pitching was fair, but the "Park" lads managed to bang out 9 safeties for five runs. Stamp hit best

for Huttonville, 3 hits for four trips to the plate. As usual Chaplin and Ritchie got the only hits for Smith & Stone—one each.
Everett "Flip High" Wilson made a sensational jumping catch on short-stop that looked like a sure hit for one of the Huttonville men. What do you eat for breakfast Ev.—Wheaties?
Oh yes, for once the umpires agreed with each other, when a decision had to be made on Holden—who turned the wrong way on an error, as he was crossing first base. Miracles do happen!

Yours truly had two pleasant visitors on Thursday night, Aug. 23. "Walt" Richardson and "Sid" Silver came to inquire about future games for the Business Men. They seem awfully anxious to get started, so three games have been scheduled for them shortly.
We talked for several minutes on this subject, then gradually our talk drifted to sports in different localities. "Sid" reminisced a little, and told us interesting facts about the 1927-28 Maple Leafs of Toronto, which was very interesting to hear—especially surprising to me to hear that Carl Hubbel once pitched for the Toronto Club! "Walt" told us about the time he went to see the World Series in Detroit and stood in line from seven in the morning until noon, before he even got near the box office—only to be turned away—sold out! Not to be beaten he appeared on the scene the following day and managed to get a seat in the bleachers in centre field! For me—I'd rather listen to the game over the radio than go through all

Farm Equipment

• In answer to many inquiries, following is a list of FARM EQUIPMENT we feel sure of making delivery within a reasonable length of time:

- All Beatty Stable Equipment
- Beatty Farm Water Systems
- Tractors (gas and diesel)
- Hammer Mills
- Fertilizer Grain Drills, 13 and 15 marker
- 20 Marker Grain Drills
- Corn Binders, horse and power driven
- Tractor Disc Harrow
- Row Crop Cultivators
- Wheel Type Cultivators
- Power Mowers
- Green Crop Hay Loaders
- Tractor Grain Binders
- Harrow Plows
- Corn Planters
- Corn Pickers
- Ensilage Cutters
- Thrashers

HUNGRY EUROPE NEEDS MEAT

The shortage of food in liberated Europe is desperate. Meat is one of the most critical needs.

As a great food-producing nation, Canada must, can—and will—help to meet this emergency.

That is why slaughtering has been placed under strict control.

That is why ration coupons will soon be used again by Canadians to buy meat.

There is only one objective:—To reduce meat consumption in Canada in order to provide direct aid for the hungry peoples of Europe.

Slaughter Control

Farmers who slaughter meat for their own or their farmer neighbor's use are required to submit monthly reports (Form RB-61) and to surrender coupons for the meat they use and sell.

Any excess of meat over the farmer's or his neighbor's needs may be sold only to the holder of a regular slaughter permit.

The minimum amount which a farmer may sell to such a permit holder is one quarter of beef or half a hog carcass. Sheep, lambs or calves slaughtered by a farmer for his own or his neighbor's use may not be sold into the meat trade.

Locker Operators

Under the meat rationing regulations, locker operators are required to submit a list of their patrons to the nearest Ration Branch Office.

A supply of Consumer Declaration forms is being forwarded to each locker operator who will, in turn, distribute them to his patrons. The patron is responsible for completing the form and filing it with the Ration Branch Office.

Consumers must surrender coupons for all meat held in lockers over and above 4 lbs. for each person in the household at a rate of 2 lbs. per coupon. However, no more than 50% of the "M" coupons in the ration books of the consumer and his household need be surrendered.

MEAT RATIONING FACTS

Amount of Ration will be roughly 2 lbs. (carcass weight) per person, per week.

Rationed Meats. All cooked, canned, fancy and "red" meats.

Unrationed Meats—beef brain, head, tail, blood, tripe; calf brain, head; pork brain, head, tail, pigfeet, spare ribs; lamb brain, head, tail, fries; poultry, game and fish (canned or fresh).

Coupons—brown "M" coupons in Ration Book No. 5. One coupon will become valid each week.

Coupon Values—Group "A", 1 lb. per coupon; Group "B", 1 1/2 lbs. per coupon; Group "C", 2 lbs. per coupon; Group "D",

2 1/2 lbs. per coupon; Group "E", 3 lbs. per coupon.

Tokens. Tokens, eight of which are equivalent to one coupon, will be used as coupon change.

Farmers must turn in to their Local Ration Boards a coupon for each 4 lbs. of meat (carcass weight) they use in their households from their own slaughtering. So that they may buy other meats from their butchers, no more than one-half of the valid coupons in the hands of the farmer and his household need be surrendered. Farmers who sell meat to a neighbour farmer must collect coupons at the rate of 4 lbs. (carcass weight) per coupon.

Rationing is your assurance of a fair share.

It is a protection against waste... shortages... inflation.

That is why farmers are asked to continue to collect and turn in coupons to their Local Ration Boards—once a month—in the RB-61 envelope.

BOWLING NEWS

that to witness it.

The softball game which was scheduled for Aug. 24 (Friday) between Alliance and Huttonville was called off on account of — yeah — rain! This game will be played as soon as possible.

GLEN 19 — PIRATES 15

Once again and for the second time in the past three weeks, Jimmy Sargent's Pirates suffered a defeat at the hands of the reinforced Glen hardball team. The game was practically the Glen's all the way, except for one inning when the Pirates threatened.

Gibbs on the mound was good for the Glen, while Donny Herrington gave way to Mel Spence in the 7th inning for the Pirates.

Pirates hitting wasn't up to their usual standard, but the Glen really made some perfect safeties. Batteries for Glen—Gibbs and Scott; for Pirates—Herrington and Spence pitching, and Norton with the "decker".

Next game, Wednesday, Aug. 29th at 6:30. This should prove to be a real close contest, as Jimmy Sargent put it — "we're out for revenge."

The "big seven" leading batters has somewhat changed this week:

	AB	Hits	P.C.
Chaplin—			
Smith & Stone	20	13	.650
Ritchie—			
Smith & Stone	19	12	.631
Scott—			
Alliance	17	10	.588
Cock—			
Huttonville	9	5	.555
McMurphy—			
Huttonville	24	12	.500
Robb—			
Business Men	8	4	.500
Richardson—			
Business Men	4	2	.500

LEAGUE STANDING

	P	W	L	T	Pts.
Huttonville	9	5	2	2	12
Smith & Stone	7	4	2	1	9
Alliance	6	3	2	1	7
Business Men	6	0	6	0	0

(And no argument or finding fault with above standing fellows—it's perfectly correct, as all wins and losses, etc. are on record in book).

May have more baseball and softball news next week—if "Mr. Rain" doesn't interfere.—J.S.

P.S.—Forgot to mention—if any of the readers of this column know where new hardballs can be bought, would they please contact Jimmy Sargent? The lads are having a case of a time getting new hardballs—done to be had anywhere.

The Georgetown Bowling Club held a very successful tournament last Wednesday night when twenty rinks competed for the prizes.

First prize went to McDowell and Moss of the home club, second to Fred Robinson of Milton, who was very close to McDowell. Third prize went to Guelph O.A.C., while Tom Faram and partner took fourth place.

A few of the local bowlers paid a friendly visit to Rockwood Bowling Club on Tuesday night and a good time was enjoyed. The Rockwood players were much superior on their heavy greens and handed out a good pasting to most of the locals.

Action sent two rinks down last week in search of the famous Sheffield Trophy and were successful in taking it away from us. No doubt some of our boys will have another try for it before the season closes.

HALTON FARMERS URGED TO ORDER FALL FERTILIZER REQUIREMENTS AT ONCE

At a recent meeting of the fertilizer manufacturers supplying Ontario's needs, it was very evident that the fertilizer manufacturers are again facing quite an acute shortage of labour, and considerable concern was expressed as to whether deliveries could be made in time for Fall use.

Particularly in the fall season farmers take delivery of their fertilizers over a very short period. This usually constitutes a very serious handicap in giving the farmers the service which the fertilizer manufacturers would like to provide.

It appears that adequate quantities of fall fertilizers are now ready for shipment, and if ordered at once, prompt delivery can be guaranteed, but later orders may be subject to considerable delay.

HOUDIN'S SECRETS LOST FOREVER

Walter B. Gibson, writing in The American Weekly with this Sunday's (Sept. 2) issue of The Detroit Sunday Times, discloses the marvelous tricks and riddles that baffled the magicians themselves and tells what happens to each when their creators die.
