Please send sample copies of The Christian Science Monitor including copy of Weekly Magazine section.

Please send a one-month trial subscription to The Christian Science Monitor, for which I enclose \$1.00.

AS WE SEE IT

By J. A. Strang

In connection with the meat rationing situation it is difficult to understand the idea of the butcher shops closing in protest. The only person that the closing of the shops would affect would be the butcher himself. Of course his customers would be inconvenienced alright as they would not be able to get their supply of meat at their regular market, but they could get it at another market. As far as we are concerned we can see no objection in the meat rationing recently introduced. Perhaps the amount of meat allotted to each individual may not be enough to suit certain workers in heavy industry, but most of us eat too much meat anyway. With the abundance of vegetables that we are blessed with, it shouldn't be difficult to get along with less meat, especially if the small amount that each of us are deprived of will mean a little more for some poor, underfed human being who happens to be living in a country less fortunate.

Not long ago we elected a Government to govern us for some time and the least that we can do is to abide by the different laws and rulings that they may introduce.

has made good progress during the last forty years. However, when we think of the quality of peaches that the Niagara fruit growers shipped out this season we wonder if they have made any progress at all along that line. This year baskets marked No. 1 quality would contain "anything else but". One basket that we got had only two number one peaches in the whole basket. The peaches were picked too green and many of them were wormy as well. With the scarcity of sugar and the disappointment in the quality of the fruit under those leno covers one wonders if the housewife will ever again trust the markings on the Niagara peach basket. The dishonest pack affects the consumer, the retailer from whom she purchased them, the grower responsible for the dishonest pack and the good name of every grower in the peninsula.

It is going to take us some time to get used to Standard Time again after these years of daylight saving time. We like the faster time best but we do know it doesn't suit a good many especially those young children of school age. It is going to be more difficult to put in the long evenings and we will likely be listening to the radio more than we have been.

In connection with the radio programs we often wonder why so many good listening programs are on the same night and then perhaps the following night hasn't anything out-

standing on at all. Monday night is the best night of all in our estimation for good listening, and speaking of Monday evening's programs we often wonder why the Telephone Hour isn't on some of our Canadian stations. We get it from Buffalo and the reception from that station here isn't too good. The Telephone Hour is one of the really good programs on Monday nights.

Friday evening, Oct. 19th, in the school under the auspices of the Women's Institute. There will be other program and lunch will be served by the Institute. Be sure to plan to attend. There was no church service last Sunday morning due to Hornby anniversary.

ASHGROVE

The Y.P.U. held their regular meeting last Friday evening, Oct. 12th, in the Sunday school room and it was in charge of Marion Currie, fellowship convener. During the worship service the Scripture reading was taken by Jessie Wingfield, and Rev. Almsworth led in prayer. Mrs. F. Buddell gave a splendid paper on "Thanksgiving and Thanks-living." An article entitled "Why I believe in Y.P.U. work" was read by Ismay Kean, and some interesting suggestions were made on how the local work could be improved. It was decided to have an attendance drive with the president and vice-president as captains of the teams. Plans were also made for a watermelon social to be held October 22nd.

Mrs. Stanley Gowland visited with relatives and friends at Zimmerman and Brampton over Thanksgiving week end.

The next film showing by the National Film Board will be held next

HOT LUNCHES & COFFEE

You Have TWICE AS LONG TO PAY

So many times you hear people say "I wish I could buy more Victory Bonds."

Well, it has been announced that there will be only one Victory Loan in the next 12 months.

People who buy Bonds now will have a whole year to pay for them.

You Can BUY TWICE AS MANY BONDS

Bear this in mind when the Victory Loan salesman calls on you.

The same rate of savings as in previous loans will pay for twice as many bonds over the 12-month period.

So, buy double this time.

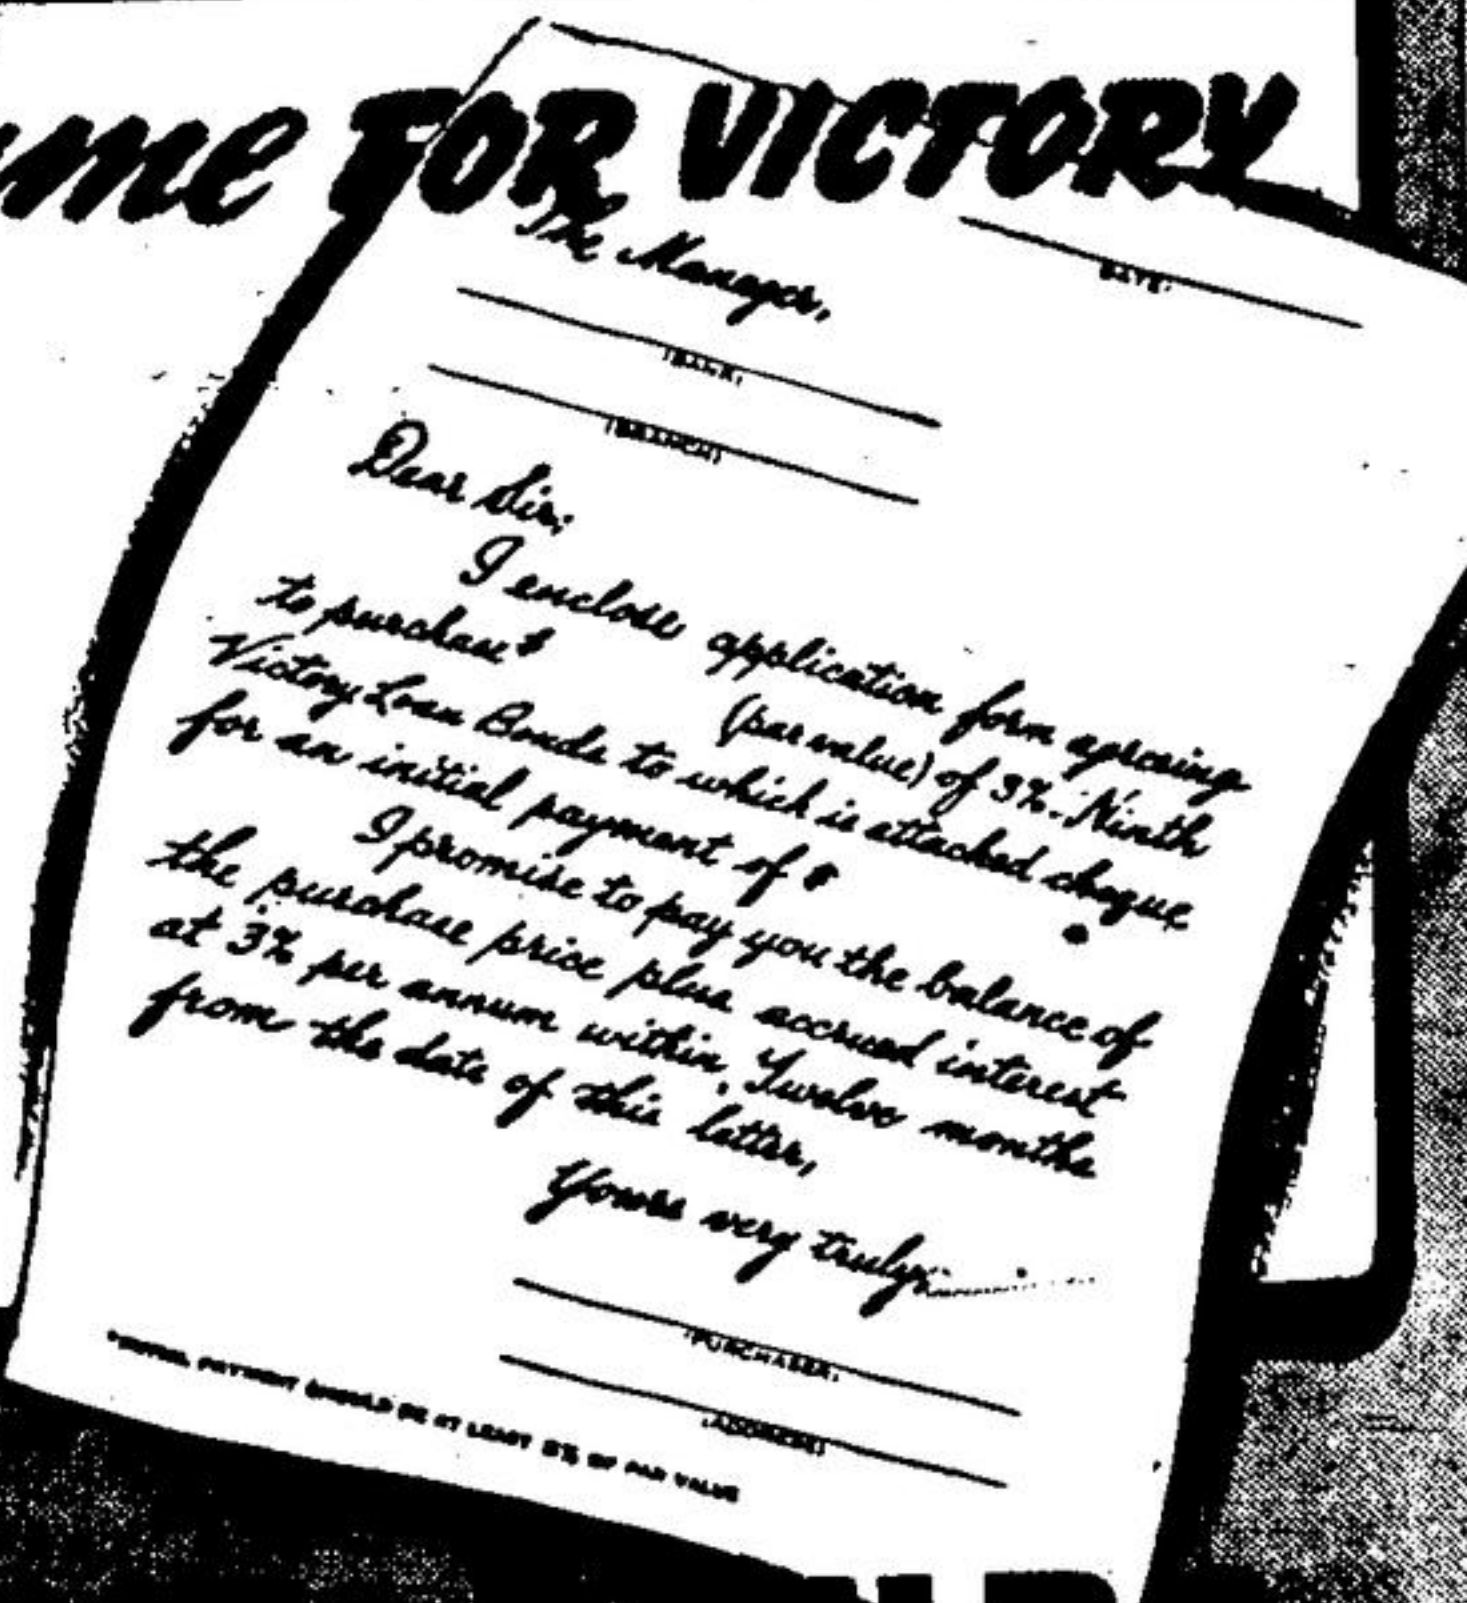

Sign Your Name FOR VICTORY

Farmers can buy Victory Bonds through any bank... on convenient deferred payments.

Victory Loan salesmen have copies of the letter at the right. (Banks also have copies.)

When you sign this letter... and pay 5% of the cost of the bonds... the bank buys the bonds for you. You have 12 months to pay for the bonds and the interest the bond earns pays the interest on the bank loan.

Anniversary Services

Knox Presbyterian Church
GEORGETOWN

Sunday, October 21

11:00 a.m. and 7:00 p.m.

THE REV. J. C. GRIER, B.A., GUELPH
