 (Intended for last week)  
 We were all quite shocked when, on Monday, October 8th, Clifford O. Robinson, of our community, was very seriously injured by a bull in his own barn, and died while being taken to the hospital in the ambulance. Cliff had been cleaning out the pen in which the bull was kept, when it attacked him. He was able to tie it up, and make his way out to safety, where he lay down and remained until his mother discovered him some time later. He was still conscious and able to tell what had happened.  
 The funeral took place at the St. Stephen's Anglican Church here, led by Rev. Mr. Colebrook and Rev. Mr. Thompson on Wednesday afternoon, October 10th, at 2.30 o'clock. The very large number of people who attended, and the floral tributes told of the very high esteem in which Cliff was held by his many friends. One old timer said it was the largest funeral he had ever seen in Hornby. Cliff will be missed very much by the members of our community. His body rests in the cemetery of the St. Stephen's Anglican Church of which he was a member and an official.

Mrs. William Bailey had a turn for the worse when she contracted pneumonia while convalescing from her operation in the Milton Hospital. We are glad to learn that she is now making good progress, and expects soon to be at her home again up on the Seventh Line.  
 Mr. James Bailey returned home from the Hamilton General Hospital on Wednesday evening, Oct 10th, and plans on being at home for a while. His condition is very much the same. Over the week end his daughter and family were over from the States to see him.

The United Church Woman's Association met at the home of Mrs. Fred May on Thursday afternoon, October 11th, to make preparations for the church anniversary, and to do some quilting. Mrs. Fred Ainsworth led the devotional period with the subject "The Right use of our Time". The quilt being quilted had been pieced by Mrs. William Bailey, and is being purchased by Mrs. Norman Cantelon. The hostess, Mrs. May, served a delicious supper at the close of the meeting.  
 Sunday, October 14th was our United Church anniversary. For speakers we had Rev. Colin Todd in the morning and our pastor, Rev. Fred Ains-

worth in the evening. Our regular worshippers were joined by many of their friends, and the ministers had the inspiration of quite good congregations. Mr. Todd spoke of not being ashamed of the Gospel of Jesus Christ, and Mr. Ainsworth spoke of the Fruits of the Spirit. The morning congregation heard with a great deal of pleasure the Lowville Quartette and also Mrs. R. Neelands, while the evening worshippers enjoyed the selections given by the Ashgrove United Church Choir. It was a good day of worship, praise, and fellowship, and we're hoping to make it the normal thing.

**BALLINAFAD**  
 The October meeting of the Mission Circle was held Friday evening at the home of Jean Sinclair, the president presiding. Miss Lydia Snow introduced the new Study Book in an interesting manner. Plans were made for the circle to take the devotional exercises for the Autumn Thank-offering when Mrs. Mullett, a returned missionary from China is to be the guest speaker.  
 Miss Dortha McGilvery, a student at Toronto University spent Thanksgiving week end at the home of Mr. and Mrs. Elwood Snow.  
 We are all pleased to welcome home Elwood Ferryman and Leo Jamieson, having spent over 3 years overseas.  
 Miss B. Hills returned home Wednesday after having spent some time visiting friends in Flesherton.

Neighbours and friends are glad to know Mrs. Robt. McEnery is improving from an attack of neuritis. Hope she will soon be able to be around again.

(Intended for last week)  
**G. W. McCALLUM SECRETARY OF METERMEN'S ASSOCIATION**  
 Dormant during the war years, the Grand Valley Metermen's Association was revived at a meeting held at the Cullen Golf Club in Guelph, when Charles Wilson of Acton was elected president, Vice-president is T. E. Teckoe, Galt, and G. W. McCallum, Georgetown Hydro Superintendent is secretary.  
 The association was formed to deal with meters for all types of service and to ensure that they are installed to operate at their highest efficiency.

"I've cut my fuel bills - you can too with a **FAIRBANKS-MORSE AUTOMATIC Coal Stoker**"

"I've saved enough on my heating costs to pay for my Stoker. Not only does it burn cheaper grade coal, but the automatic controls feed the coal into the furnace as it is needed, getting every bit of heat from it. There's no waste. The house is more comfortable, too, even on the coldest mornings." Now is the time to decide on a Fairbanks-Morse Stoker. Stoker coal is available.
