Errors were the chief cause of the defeat of Smith & Stone"s softball team. They committed four miscues and allowed precious runs to cross the plate for Businessmen. Smith Stone-out-hit the Businessmen 14 - 8 but arrors made the big difference in the score, which was big, for a playoff final.

Everett Wilson hit at a 1,000 pace for Smith & Stone - five hits for as many times at the plate.

Businesemen clinched the game the sixth inning scoring six runs off four hits and two walks. Williams was the best hitter for his team, he hit a home run with one mate aboard in the fourth inning; he also hit a ward, R. single in the sixth, driving in another Scott, G.

A humorous neident arose after the Hill, T. game. Steve Halpin, veteraq catcher for the Businessmen, sided over to the running board of a car, sat down looked up at some of his playing chums Norton, R., Jr. and said: "Well, I said I'd retire from Norton, T. this 'game long ago, but after being Norton, R. on a championship team and winning Brydon, W. the pennant the hard way -- think I'll Gibbs, G.

Sid Silver and Howard Lillico deserve a great deal of cred! for the efforts they put into getting this championship team together.

Now I have prepared what most of the players have been waiting to seethe complete batting average of every man that held a bat in his hand in this hectic 45 season. It follows be-

Well, there it		

and see how good you are at "swing-

I live left out purposely until now the bating average of one particular player.. This "teller" coache i a splendid team, was at every game, but never had the nerve (you might say) to get into the game himself Finally one game he found he was one player short so he stepped into the line-up until this particular player showed up. But not until this coach nad had one ba: and gave himself a nice 1.000 batting average for his "season". I give | you Sid "Babe Ruth" Silver, coach and "five minute" player of the champions.

Silver, 8. A total of seventy-eigh; softball

players played on the four teams this

Smith & Stone used 16 men, Huttonville 19, Alliance 16, Businessmen 27. Having seen almost every game, also having kept records of every player on each team and watched each player's efforts, batting, etc., I have personally picked who I think was the most valuable player from each team -for his playing on the field, his bat-

STAR NO. 1-For Businessmen, Jack Kemshead. No getting away from it Jack's pitching meant a lot in the winning of the championshin; he hit

ting and sportsmanship:-

STAR NO. 2-For Smith & Stone-Everett 'Fliphigh', Wilson-All through the season, Wilson's fielding on the shortstop position was superb; his in hitting equally good. An all-round bail player. He hit at .433.

STAR NO. 3-For Alliance - Glen Gibbs-Perhaps this players hitting was poor, a low .173, but his fielding in every game was errorless. He covered a lot of ground, and in one game against Smith & Stone saved the day for the Alliance. The score was 9 - 3 for the Alliance in the last inning-Smith & Stone had two out, three ! men on base and Lusty up to out. He hi a high drive out in short left centre field-the baserunners were nil in over the plate and Lusty was heading for third when Gibbs made the catch. After running many yard; from nis regular position in deep centre field he caught the ball with one hand, close to his ankle about ten feet benind second base. Otherwise the store would have read Smith & Stone 11, Alliance 9. (Honorable mention goes to Win Wheeler for his fine pitching and sportsmanship for the Alliance all

season) STAR NO. 4-For Huttonville -Gordon McMurchy. His pitching was real good up until the playoffs, then the opposing teams seemed to get hold of his offerings. He came second in the batting honours with an average of .529 quite a percentage for a pitcher-or for any player.

So much for the stars. As I said, Andy Ritchie retained his betting lead by a margin of 30 over Mo-Murchy his nearest rival. "Big Gun" George Chaplin from the start of the season, was the "cannonball of the

willow"-even mehed an average

.777 once. But he ended with a "fair". average of .4801

in May, 1946. averages. Adding all the "at-bats" of Haines, and also Roland Haines, each player in all the league we find beautiful floral coffee table was prethat it comes to 1451 A.B.'s. Hits sented to Everett. Everett gave from this many trips amounted to nice little thank you and everyone was 461, and as there were 78 players, all happy. the average hitting percentage

in any league. Well this is all this year for softbail. Next on the programme is hockey I suppose. Oh well we had pleasant season, so come on 'ole man winter and give us the ice!

Glen Hardball Team have Party at Home of Mr. and Mrs. Tom Haines-Two Beautiful Gifts Presented to Players

On Monday, October 22nd, yours truly had the honour of attending get-together of the Glen Hardball club at the home of Tom Haines. a crowd was on hand, all the hardball club and Jimmy Sargent, the coach of the Pirates, who gave speech describing the advantages Youth, Inc., which will soon be un-

The boys enjoyed a few eucline games, and after Jimmy Sergent had Next year should see a better sche- finished his speech, Gien Scott, catchdule, better prepared and more quick- er for the hardball team, wished ly played as the schedule will start Everett Wilson all the success possible in-his coming marriage, and on behalf Now to get complicated in batting of the Glen team, its manager, Tons

Then another presentation was givwas 317. Which is darn good hitting en, this one came as a complete surprise to the receiver, namely, yours truly. "On behalf of the Glen Hardball team, manager Tom Haines and Roland Haines," was the very nice way Glen Scott made the presentation "and to show our appreciation for your help in aiding us in organizing our Glen Hardball Club for 1945, we would like you to accept this small token of our appreciation." Whereupon, I was given an exeact duplicate of Everett's gift-a beautiful floral coffee table.

I told the gathering that this came as a complete surprise to me. I understood this little party was staged for Everett and Everett had been informed that the party was being put

I'd like to take this opportunity to thank the "gang" on the Glen team for their kindness, and a big thank

home or skyscraper IT'S AS OLD AS ITS ARTERIES! • The life-carrying arteries of a building are its electric wires. The size and number of wires determine the amount of electric power that may be used at any one time. As electrical devices multiply, and new uses call for increasing quantities of electricity, any building, regardless of when it was built, is only as young as the ability of its arteries to carry the load. A home that is wired only for lights and **G** small appliances must be rewired before it can provide such comforts as an electric range and water-heater. If not wired for all dist. requirements, it is "old" until it is rewired to **CONCE** carry modern loads, with plenty of outlets and switches. The economical time to wire properly is when a place is being built or remodeled. A proper standard of wiring in an office or factory will advantageously affect production and profit. Employees do better work with less fatigue when lighting levels are of approved standards. Adequate wiring also provides for modern electrical equipment. Your Hydro is planning to provide you with the electricity you will need for peacetime prosperity and comfort. Be sure that you plan also to enjoy these benefits in full, through adequate wiring. Your Hydro will be glad to give you information about wiring.
