**NORVAL**  
**ST. PAUL'S VESTRY MEETS**  
 The annual vestry meeting of St. Paul's (Anglican) Church, Norval, was held at St. Paul's Rectory, on the evening of January 21st, with 12 present. Miss Mary Coupland was appointed Vestry Clerk. A satisfactory financial report was adopted as read, showing receipts for 1945, to be \$940.54, expenditures \$483.23, and balance on hand of \$177.31; Mr. Warwick Coupland was appointed Rector's warden for 1946. Elected to serve in 1946 were: Mr. Walter Fidler, People's Warden; Mr. John Slingsby, Lay Delegate to Synod; Auditors: Miss Mary Coupland and Mrs. R. Golep; Sidesmen, Messrs. Cliff Moreton, Mr. Driver, Mr. Pinnamore; Secretary-treasurer, Miss Frairie Maguire. The new rector, Rev. H. Leigh Pink, L.Th., his wife and family, were officially welcomed. It was noted that church attendance has increased during the past two months, and a drive to revive parish life and attendance at services was strongly advocated by the People's Warden, Mr. W. Fidler. It was a very cheerful meeting, and confidence in the future was its keynote. The Rector, in moving a vote of thanks to the officers of the church for their work in the past year, expressed the gratitude of himself and all members to the organist, Mrs. W. Fidler, for her services. Mrs. Leigh Pink served refreshments.

**D.V.A. Representative at Rehabilitation Council Meeting**

**Veteran's Problems Discussed — Year's Work of Council Reviewed — C. J. Crossley of Toronto, Guest Speaker**  
 The monthly meeting of Georgetown Rehabilitation Council took the form of a public meeting on Wednesday, January 30th, in the Oddfellows Hall, when the public was invited to hear a report on the activities of the Council. Several local servicemen availed themselves of the opportunity to attend and ask questions pertaining to rehabilitation. Guest speaker was Mr. C. J. Crossley, chief counsellor in Toronto for the Department of Veterans Affairs.  
 Mr. Crossley is a veteran of two wars, having served with the R.C.E. and the R.C.A.F. He was one of the first in-service counsellors for the air force prior to joining the Department.  
 Lt.-Col. G. B. S. Cousens president of the Council, opened the meeting, and Mayor Harold Cleave spoke a few words of welcome to the guest speaker. The report of Mrs. Walter Mendham, secretary, gave highlights of the rehabilitation work, which included a group of small receptions for returning servicemen, visits to bereaved families and war brides, housing and industrial problems, as well as work dealing with pensions, vocational training and handicapped cases. As many phases of the work were confidential, the report was necessarily general in nature. Mrs. Mendham also presented the financial statement, which showed donations of \$239 and a balance on hand of \$106. She thanked Mr. D. Brill and the Lions Club for their good work in providing transportation from Toronto for returning service personnel. Col. Cousens, in introducing Mr. Crossley, said that to date an estimated 120 interviews had been given to servicemen in the Council rooms in the upstairs of the Municipal Building. He said there were a variety of problems some of which could be dealt with, others where the Council could be of little help, but no effort was spared to help out.  
 "If in the future we can look back and say we have done something for those who have done so much for us, we shall be happy," he concluded.  
 The guest speaker, Mr. Crossley, spoke very briefly and said he would prefer to throw the meeting open for discussion, rather than give a formal speech. He said rehabilitation was a partnership of veteran, community and D.V.A., and all had to play a part in a man's return to civilian life.  
 The enquiries were many and varied in the question period. One citizen asked if anything could be done when veterans were refused jobs, while civilians, particularly from out of town, were hired. There was no action that could be taken on this, other than an approach to employers to give returned men preference. A man has a claim to his old job, but this does not apply to any other job.  
 Questioned as to veterans having priorities on building materials, Mr. Crossley said there was no individual priority, but the Veterans' Land Act had these and individual approaches might be made to that agency. A complaint was laid by one serviceman that he had had trouble in securing post-discharge dental treatment, due to a hold-up in the necessary forms coming through. He was advised that this came under the army, rather than D.V.A.; and that representations should be made to army headquarters to rectify this.  
 Mr. Crossley said he believed the Veterans' Land Act offered the best deal for a serviceman to benefit from rehabilitation grants. A man can take trade training and still be eligible for this, but he cannot accept a cash payment and V.L.A. benefits as well.  
 He spoke favourably of the good work of the Canadian Legion and said there was no organization which had done as much for returned men as the Legion. He was not in favour of new groups springing up, and believed that more could be accomplished by returned men joining their local Legion branch.

**CARD OF THANKS**

We would like to express our heartfelt appreciation to the neighbours and friends for their expressions of sympathy and floral tributes in the loss of a dear wife and mother.  
 We would also like to thank those who went to Toronto to give blood donations.

**"PHEASANTS IN THE SNOW"**  
 Based upon a picture painted by Fred Finley, O.S.A. and one of a series of subjects on the conservation of Canada's natural assets.  
 \* A full colour reproduction, size 9" x 14" without advertising and suitable for framing will be sent to each member of The Carling Conservation Club upon request to Dept. (D13), The Carling Breweries Limited, Waterloo, Ontario.

**"What Can I Do?"**  
 The deep snows of a Canadian Winter, though they add vastly to the invigorating pleasures of outdoor recreation, are all too often only an added hazard in the lives of the wild creatures that inhabit our forests and fields. When heavy snow covers natural food supplies, game birds such as pheasants and partridge—even large animals like moose and deer—face death by starvation.  
 You may ask: "What can I do about it?"—this is a question each of us should ask and yet the answer is not hard to find. There is a part that you can play in the conservation of Canada's great heritage—of your great heritage of forest wealth, beauty and wild life. The first step in playing this part is to have a complete awareness of the vital need for conservation.  
 To assist you, Carling's invite you to become a member of The Carling Conservation Club. Through this medium you will obtain information on the needs of conservation and the ways in which you can help. \*Write now for membership to Dept. (D13), The Carling Breweries Limited, Waterloo, Ontario.
