The Editor's Column

A NEW DAY DAWNS

(A member of the Georgetown Recreational Council has ghost-written this editorial, which opens a campaign for funds to carry on the Council's work this year. If everything planned is to be accomplished, a considerable sum is required, and \$5000 has been set as the objective to be raised. The Town Council by shouldering the salary cost of a recreational director has already taken a considerable burden from the G.R.C. but now the money must be raised to provide sports equipment and facilities for a well-rounded community recreational program.)

We are opening a fund in the Herald this week in which donations, large and small will be welcomed. Your donation can be mailed or left at the Herald office and the Council hopes that the response will be generous — Ed.)

The modern movement which is sweeping over this country of ours and which resulted locally in the Municipal Council making provision for the employment of a Recreational Director, can, and no doubt will, have a far-reaching effect on the character of our youth and upon what we term our community life.

The organized efforts of the Recreational Council are devoted to the organizing and promoting of a wide range of projects, including athletics, hobbies, handicraft and the bringing together of groups of citizens of all ages interested in some subject calculated to bring some measure of pleasure after their day's work is done. We are fast realizing that it is not sufficient to live our lives with no concern for our fellow-man. It is essential for us to consider his lot as our own and endeavour in our hours of leisure to join with him in pleasant pursuits and thus build up a Community of friendly beings all working together for the building of a happy community which is the basis for a happy world.

The widespread approval which has so far been accorded the efforts of the Recreational Council augurs well for its future and the ambitious plans of this organization will soon be put into effect. To enable such a program to be completed a considerable amount of money will have to be raised by public subscription for the purchase of necessary equipment and it is hoped the citizens individually will express their approval of such a program by making such a contribution to the funds of the Council as their means will warrant.

Such an appeal is now being made to the citizens of the community, further details of which will be found in the columns of the Herald.
Your support is earnestly solicited.

CUSTOMERS' Suggestion CORNER

For Rural Telephone Service

One Customer Writes:

"Devise some means so that if neighbours must listen in, they can at least repeat correctly what they heard."

BEHIND this half-joking suggestion is one of the most serious of all causes of dissatisfaction on the part of rural telephone subscribers... the "listening-in" habit.

If you find someone already on the line, please make it your rule always to hang up immediately. Your neighbours will appreciate it... and are more likely to grant you privacy when you have occasion to call.

Jobs Follow Organization

But Employers and Workers Must Assist

During the war organization of manpower was made possible through co-operation of employers and workers.

This co-operation is no less necessary to assist in organizing the employment market during the present critical period.

Some manpower controls still remain. These are still law. They are aimed at assisting in organizing the employment market.

Remaining controls are designed to help employers and workers—and actually require only minor assistance from the public.

YOU ARE URGED TO COMPLY WITH THE FOUR CONTROLS WHICH REMAIN:

- 1—Employers MUST notify the National Employment Office of any need for workers, as soon as that need is known.
- 2—Where employers engage workers outside the National Employment Service they MUST notify the nearest NES Office within three days, that an employee has been engaged. (Form NSS 312 is provided for this purpose.)
- 3—Unemployed workers seeking employment MUST register with the National Employment Office if unemployed for seven consecutive days.
- 4—Generally speaking, any employer or employee MUST give seven days' notice to the other party of any intention to terminate employment. (Form NSS 120 is still required.) Exceptions may be learned from the nearest NES Office.

The partners to industry—employers and employees—should help the National Employment Service to promote a high level of employment by complying with these simple rules.

Only with public support can an employment service give full assistance to the community.

Make full use of the Local Office of the National Employment Service. It is there to serve your needs, and those of the entire Community.

BALLYNAFAD

(Last week)

The service at the United Church was withdrawn owing to the illness of Rev. A. O. W. Foreman.

We are sorry to know that Mr. McEnery Sr. is not improving very fast and is still confined to his bed.

The March meeting of the Mission Circle was held at the home of Mrs. Don Brown, Friday evening. The president, Joanna Shortill, was in charge.

Miss Lydia Snow gave the topic from the Study Book in a capable manner. Mrs. Elwood Snow had charge of the devotional. Mrs. Don Brown gave an interesting reading on Christian Stewardship.

The World's Day of prayer service was observed Friday afternoon in the church. A talk on Prayer by Mrs. Foreman was enjoyed by all. Several women taking part in the service made it very inspiring.

Mrs. E. McEnery and Mrs. P. W. Shortill spent the week-end with their mother in Fergus.
