SPORTLITE

By J. Stamp.
Now that the hockey highlights are over for another year it's time to turn our interest toward the sporting programme for the summer, namely baseball and softball.

It would be "a bit of allright" if Georgetown could find some one interested enough in forming an Intermediate Baseball club in Georgetown. Remember the old team that Georgetown fielded a few years ago — those were the days, when they competed against Milton, Acton and Oakville.

I'm sure there are "heaps" of good baseball players who would jump at the opportunity to get back into uniform for Georgetown and to see what seems to be a lost sport around these parts. (Except for the juveniles.)

Didn't we have a first class hockey team this year? Then why not the same this summer, in baseball?

I'm sure the neighbouring towns would soon form teams and a county league could very soon be instigated. (What say, you sport minded people?)

I understand that Jimmy Sargent's juvenile hardball club (the Pirates) are thinking seriously of entering O. E. A. competition this season. These lads should prove their worth in a league of this calibre, as they have what it takes when it comes to playing ball.

I can't see why the Glen couldn't enter a club on similar lines — they have several good ball players and with good management should make it tough for their opponents.

Last season, I said that the softball season for 1946 would get away to a flying start, here it is the middle of April (almost) already and no signs of activity from any one of the club's coaches, although Smith & Stone's are ready to start as soon as the weather is suitable, so I was informed. Would the other clubs that played last year please get in touch with me by mail or any other convenient way and let me know if they intend to play again this year. Whether Huttonville are entering a team this year or not, I can't say for sure, but will know very shortly. Would certainly like to have six teams in the softball league this season namely, Huttonville, S. & S., Alliance, Business Men (the '45 champs) Glen Williams? and another team from town or suburbs.

I intend to start making out the schedule very soon, so we can start at least by the 1st week in May, so please contact me as soon as possible. Mr. Silver, Mr. Lillo, Mr. Spire, "Bungy" Ward, and of course I will have to see about Huttonville — if they don't intend to enter I would like a team from Glen Williams or wherever one can be mustered. That is if all the other teams don't "drain" the countryside of all the 'A' ball players.

I wonder if I could butt in on Elmer and pick what I think were the most outstanding players for Georgetown all through the season? I know, they were all good, I'll agree 100 per cent but three particular players who seemed to have a little more of what it takes to really make the fans root for them and point them out as they skate

around on the ice — here they are: 1. Del Beaumont, 2. Nick Ferri, 3. goalie Evans — now I can look out!

FOUR FIRE CALLS MAKE WEEK-END FOR BRIGADE

Four calls were made upon the local fire brigade over the week-end, but in only one case was the damage serious, this being early Friday evening when a garage belonging to James Brunton was burned down. The building, which contained a quantity of coal and some tools, made a spectacular blaze and many thought that the fire was at the Smith & Stone plant. The garage was only five feet from Mr. Brunton's house, but the fire was kept from spreading and no further damage resulted.

Thursday noon, sparks from a chimney at the home of Mr. F. Pollock, Main Street North, ignited a portion of the shingled roof, but was extinguished before any extensive damage resulted.

Early Sunday afternoon, the brigade was called to the C.N.R. property between Nixon's Bridge and the Alliance Paper Mill, where a portion of the fence had caught fire. A few hours later, they put out a grass fire on the Maclaren property on the 9th Line, recently purchased by Meadowglen Growers.

HORNBY

The Bethel United Church Y.P.U. put on their two one-act plays, together with a musical programme, in the Orange Hall on Monday, April 1st. It was a good evening's entertainment, and quite apparently was enjoyed by all who came to hear and see. The plays were "The Happy Day" and "Sister Sue."

Sixteen women of the Hornby W.A. met at the home of Mrs. Gear Sinclair on Thursday afternoon, April 4th. Mrs. Archie King led the devotionals by reading an article on "The Personality of Jesus." The treasurer, Mrs. Milton J. Brown, reported that \$16.33 had been made at the Crokinole Social held recently in the Hornby Orange Hall. A lawn social to be held at the parsonage the latter part of June was planned for. Some discussion was had in regard to a new devotional book. It was decided to co-operate with the Bethel Church ladies in the securing of a speaker for one Sunday in August when the minister is on his holidays. Quilting was also done, and delicious refreshments were served by the hostess, Mrs. Sinclair.

The Albert Marchmont family have moved onto the William Sibbold farm which they have purchased. Mr. Sibbold expects to live with his daughter in Merriton.

Doug Shaw, who is managing the Hornby Poultry Farm on the Seventh Line is making extensive repairs to his house, and is also building a fine poultry house. Twelve hundred chicks are already in the brooder houses.

Fred Robertson has begun work on his new bee house on his property at the Hornby Station.

A very pretty, double-ring wedding ceremony was performed in the Bethel United Church on Saturday afternoon at two o'clock, when Mary Uella Hall was united in marriage to Lloyd Fred Workman by the Rev. Fred Ainsworth. Mary was assisted by her bridesmaid Helen Margaret Aitken of Georgetown, and Fred had his brother Allan as best man.

Following the wedding ceremony invited guests gathered at the home of the bride's parents Mr. and Mrs. Victor Hall where a delicious luncheon was served. The happy couple sped on their way their car adorned in the usual manner.

With the advent of warmer weather the sports fans' thoughts naturally turn to ball. We wonder when the local ball league gets under way?

CANADA UNLIMITED - The Formative Years

The Lamplighter—by Jack Martin, O.S.A., C.P.E.

Out of the Twilight

LIGHT THAT WOULD SPRING into being at the touch of a switch! Light that could be fed by the force of a waterfall hundreds of miles away!

Old timers shook their heads and walked warily around the new electric light standards. Jim, the lamplighter, left his flame-tipped lighting pole at home and did his regular rounds with a pair of pliers and a handful of

carbon pencils, shaking his head at the newfangled invention that had turned his world topsy-turvy.

But the children in the Canadian cities accepted the change with unalloyed enthusiasm. Gleefully they followed the Lamplighter—turned-electrician, gathering as prizes the burned-out carbons.

Great men like Sir Adam Beck, father of the Ontario Hydro-Electric Power System, were to set the pattern of publicly owned power development for the world. Enterprising businessmen

were working over plans for the electrification of their factories.

The stubby black carbon pencils the children of the '90's collected were a portent and an augury for the bright light of Destiny that was to shine on their country.

Today, by our purchase and holding of Victory Bonds and War Savings Certificates, each one of us has a chance to play a personal part in the bright future of our country—To invest our savings, as we place our faith, in the Canada Unlimited of tomorrow.
