

Legion Notes

(by L. M. O.)

There seem to be a good many different opinions around the Branch as to the advisability of following the usual practice of cancelling meetings during July and August. While the summer holiday, at first thought, seems quite a good idea, it is also true that a terrific backlog of business has accumulated. Therefore it seems reasonable that if meetings are cancelled during July and August, the pressure of business, when resumed in September, will not easily be handled. A good many of the members (and some of the Executive), have intimated that in their opinions, meetings should be held during the summer months, and we cannot help but feel that serious consideration should be given to this point.

On Sunday afternoon, June 9th, a Zone meeting was held in Milton. A report was given on Dominion Conference held recently, in Quebec. Comrades Shearer and Drew were the Zone representatives and Comrade Shearer, of Port Credit gave a very comprehensive report on the legislation passed, and aims and objects discussed at the convention. Several representatives of Branch 120 were on hand, headed by President Jim Murphy and including Comrades Tom and Alva Grievie, Basil Hadley, Jack Cunningham, David Bowman and Ed Francis. The Georgetown delegates reported a well attended meeting and found it extremely interesting.

The much-talked-of visit of Georgetown's Initiation Team to Oakville was a huge success. About thirty members from here went along with the team. Some twenty five members of Oakville Legion were initiated by our team, headed by Tom Grievie and Fred McCartney. The visitors, on their return, report that there, as in Georgetown, the growth of the Legion has been exceptional. The evening was concluded with an excellent social and refreshments.

A meeting held on Tuesday evening, June 11th, final arrangements were made for the Grave Decoration Day, to be held on Sunday afternoon, June 23rd at 2:30 o'clock. One of the

important points was the decision to ask all Comrades and anyone else who would care to do so, to bring flowers for the decoration of the graves and in memory of all those who have fallen.

We are sorry to learn that Comrade Jack Smith has been under the weather and trust that he will soon be out and around again.

We hear that two of our members have been doing a little bit of "steeple-work." Comrades Jack Tost and Bob Early (just discharged from the army, incidentally) undertook to paint the steeple of Holy Cross Church — with the aid of one of Comrade Dean Harley's fire escapes. Made a fine job of it, too. It just proves, anything can happen when-ex-navy and army carry out combined operations.

Congratulation to S.Q.M.S., Henry Shepherd, M.B.E., who received the Canadian Efficiency Decoration. A veteran of two wars, he is stationed with M. D. 2 headquarters staff at Long Branch.

TRANSFERRED TO GODERICH

Alex Lewis, a resident of town for several years, has been transferred to a new position as operator with the Canadian National Railways at Goderich and leaves within a few days for his new position. Mr. Lewis has been in the district for many years, serving as operator at Georgetown, then at Acton, but continuing all this time to make his home here. He is a member of the local Orange Lodge.

Mrs. Lewis is the former Eva McNally of Terra Cotta, and has been night operator in the Bell Telephone office for the last two years. They have obtained an apartment in Goderich and are selling their house on George Street here.

People sometimes get tired of their home town and wish they could go elsewhere and have what they call a broader life. If they go away from the home town for a time they are almost always mighty glad to get back.

CONGRATULATIONS!

Note the friendly smile on the face of Lt. Cpl. Fred Harrison of Georgetown after presenting him with the Military Medal at the May 24th investiture.

ASHGROVE

It is the month of June, The month of leaves and roses, When pleasant sights salute the eyes And pleasant scents the noses.

The June W.M.S. meeting was held last Tuesday afternoon at the home of Mrs. C. B. Dick with Bethel W.M.S. as guests. The spirea bushes were at their best and the tulips and lilacs all made a lovely setting out-of-doors. The Ashgrove group opened in the usual way and after a short business period Mrs. Emmerson Ford of Bethel took charge, opening with the hymn: "For the Beauty of the Earth". Mrs. Cavanaugh read the scripture and Mrs. Fred Ainsworth led in prayer. Mrs. Ford spoke briefly on Dr. Agnew's address which he gave at the Presbytery held at Acton, May 9th.

Mrs. Clarence Ford sang "I shall Not Pass This Way Again." Mrs. George Brownridge gave the Study Chapter. Miss Annie Clifton sang "My Task", and Mrs. Ellison Ball gave some splendid thoughts on "Stewardship." Hymn 388 closed the meeting after which everyone enjoyed a delicious luncheon served by the hostess and her committee with the President, Mrs. Thos. Giffen pouring tea.

Congratulations to the bride of the eighth line, who was married on Saturday. There's nothing like being a farmer's wife, Isabelle. It's a great life if you don't weaken.

We are very glad to be able to report that Carol-Ann, baby daughter of Mr. and Mrs. Chester De Forest, is home from the Sick Children's Hospital where she had been for some weeks.

Mrs. Maurice Dixon of Kapuskasing has been visiting her parents, Mr. and Mrs. R. J. Graham for two weeks.

Mr. and Mrs. William Millgate of Aurora spent the week-end with Mr. and Mrs. Leslie Giffen.

Visitors on Sunday with Mr. and Mrs. A. J. Ruddell were Dr. and Mrs. E. C. Wilford and daughter Dr. Patricia from Chengtu, West China, who are home on furlough and Mrs. H. J. Veals and daughters Marion and Catherine of Toronto. Mr. Veals is a missionary and has returned to China.

Mr. and Mrs. C. B. Dick were on a trip with Mr. and Mrs. George Kennedy of Hornby over the week-end. The Ashgrove-Y. P. U. held their last

regular meeting in the form of a social evening on Friday evening, June 7th. The recreation committee had charge of the evening. Musical selections were rendered by Colin Anderson and Mrs. T. J. Brownridge. For the remainder of the evening slides were shown from the new projection lantern. The slides showed the progress being made in home missions throughout Canada. A delicious lunch brought a very enjoyable evening to a close.

Mr. Walter Brownridge, our local trucker delivered a Tamworth sow to Canada Packers, Ltd. on Tuesday, June 4th. The pig weighed 670 lbs. on the hoof and dressed 634 lbs. It was bred and raised by his brother, Thomas.

The path of duty lies in what is near, and men seek for it in what is remote. The work of duty lies in what is easy and men seek for it in what is difficult.—Menclius.

HORNBY

On Monday, June 3rd, Mr. John King reached his eighty-seventh birthday, and in honour of the event the family had a dinner party at Burlington on Sunday June 2nd. Mr. King keeps his age well, and goes about like a man much younger than he. He plans on attaining the one hundred mark.

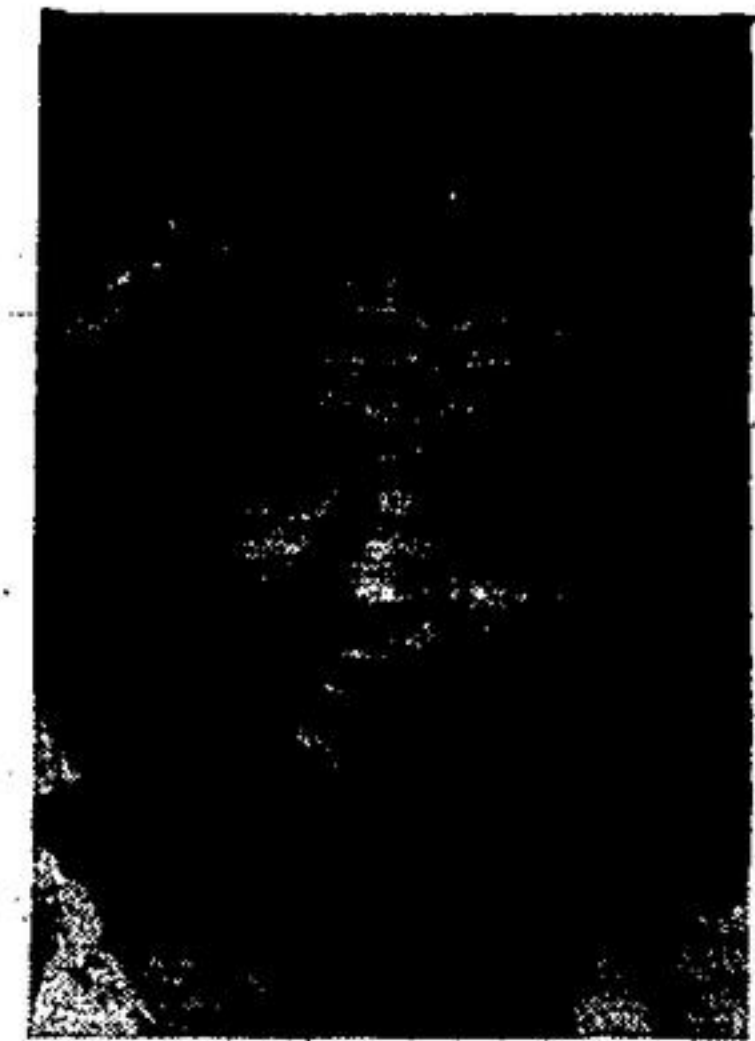

Week-end guests at the home of Mr. and Mrs. Wellington Stricker were Mr. and Mrs. Stephen Jones of Cheltenham, Mrs. Ralph Pierson and Mrs. Ruby Orr of Toronto, Miss Lois Orr, and Mr. Calvin Vanzant of Georgetown.

Mr. Lloyd and Mrs. Simpson went as far as Chicago on their honeymoon trip and were back in time for the shower at the Simpson home given in their honour by their friends of the Bethel United Church, on Friday evening, June 7th. Following the shower they returned to Maple, where they will reside.

The Hornby United Church Woman's Association met at Mr. Archie King's home on the Base Line on Thursday afternoon for business and quilting. Final plans were made for the Lawn Social to be held at the parsonage during June. The friends of Mrs. William Bailey were glad to see her out again. Mrs. Joseph Hillingsworth was present for the first time.

The ladies of the Bethel United Church held their W.M.S. Annual Blossom Tea in the church with over one hundred ladies present. Mrs. Maxwell Loveys, Dominion Secretary of Home Missions for the Woman's Missionary Society of the United Church, gave a very inspiring address, telling of some of the things she had seen in W.M.S. work of the Canadian West. Luncheon was served in the basement. The committee in charge of the decorating had done a very fine piece of work, and the church where the meeting was held, as well as the basement and the tables looked very fine. The theme of the decorations was gold, since this year is the 50th anniversary of W.M.S. work in the United Church.

Mrs. John Lister's mother, Mrs. Baptiste, passed away on Sunday morning after a lingering illness. The funeral was held in St. Thomas on Tuesday afternoon.

THE SPANISH TOUCH

Alys Robt, French, English and Spanish-speaking songstress on "Latin American Serenade" is expected to put her Spanish 40 fluent use with the arrival of Chicho Valle, Cuban singer now co-starring with Mlle. Robt. The two Latin experts sing with Don Miguel and his orchestra over the CBC Dominion network, Sundays, at 10:30 p.m. EDT., 11:30 p.m. ADT.

LAWN BOWLERS UNDERWAY FOR SEASON

Last Friday night, the 1946 season at the Lawn Bowling Club on Edith Street got underway, with some two dozen ladies and gentlemen enjoying a friendly evening's bowling. The club reports a few new members already signed up, with most of the old crowd back at the sport too. This year as always, the bowling green is one of the show-places of town and a popular spot for young and old to try their luck with the bowls.

Men's doubles commenced on Monday night and will continue on Monday, Wednesday and Friday nights for the season. The ladies have the greens on Tuesdays and Thursday nights will be taken up with the usual mixed doubles.

DON'T WASTE FEED!

FEED is scarce this season. Don't waste it! Make the most of what you have.

Here are two ways to do that. First, make sure you buy chicks with a real reputation for living, thriving, growing, making economical use of their feed. Second, raise them on short tender green pasture. That cuts your feed costs, and raises you better, stronger chicks.

We have the chicks with the reputation for living. Hundreds — yes, thousands — of farm poultry raisers will tell you that Bray Chicks have "what it takes." If you have the feed to raise them, that's the kind of chicks to start!

Bray Hatcheries will be hatching right through June. We expect to have plenty of vigorous, healthy, sturdy chicks for prompt shipment. Your order will receive prompt, courteous attention. If interested, do it now!

LIFE-CYCLE The house fly lays up to 600 eggs in such places as manure, garbage or human faeces.

In warm weather the eggs may hatch within 24 hours and the larvae pupate in less than a week. The flies emerging a few days later.

A million flies may develop from one ton of horse manure.

The blue-bottle (blow) fly has a similar life-cycle and breeds in meat, garbage, human faeces and in wounds and sores of living animals.

HABITS AND DISEASE: The house fly passes directly from filth to human food carrying bacteria and other organisms. It is supreme as a simple carrier of diseases including typhoid, dysentery, diarrhoea, tuberculosis, etc. Blow fly larvae in wounds cause myiasis.

CONTROL: Clean up possible breeding places such as garbage dumps and manure piles. Manure should be kept in fly-proof receptacles and removed twice weekly.

Spread manure thinly in fields to dry or place in compact piles with clean-cut edges to produce heat by fermentation. Spray top layer with one pound of borax to six gallons of water. Keep garbage in fly-proof receptacles and destroy by burning. Prevent flies from having access to human faeces. Screen foodstuffs and use sprays, aerosols, poisoned baits, etc. Dispose of carcasses and offal by burial or incineration.
