**GLEN WILLIAMS**

If the Township Weed Inspector had to foot it, on his rounds of duty there might be some excuse for the terrible condition of our Side roads, due to the very excessive growth of rank weeds, but we understand he has a conveyance, so why not pay some attention to our weeds in the Lower end of the Glen.

GEORGETOWN, IT'S UP TO YOU

To the Organizations of Georgetown:

A Council has been organized to deal with our recognition of the services of the Georgetown men and women of the forces. This was the action of the public meeting called by the Mayor for Monday, July 15th. An executive meeting is called for Monday evening, July 22nd, at eight o'clock, in the Council Chamber.

This, then, is an urgent request to presidents, secretaries, or any members of organizations who feel a sense of responsibility to bring the matter of representation to the attention of the proper persons. See that your group is represented. Get busy right away: when you read this, don't let the matter hang over till tomorrow. Will you please do this bit of important business, and do it now?

**GLEN WILLIAMS**

"A Textile Town"

Georgetown folk may think of neighbouring Glen Williams as a beauty spot rather than as an industrial centre. Yet the Credit River has been turning mill wheels in the Glen for going on one hundred years. Today, textile products from the Glen are sold right across Canada.

Canada needs warm woollens made in Canada by Canadians to meet Canadian conditions. That is what we have been making in Glen Williams for four generations.

That makes Glen Williams a textile town — one of 183 Canadian hamlets, towns and cities where 617 primary establishments employ a total of more than 161,000 people. Here in the Glen, our mills give steady employment to some seventy people and there is work for more.
