**Intermediate Lacrosse**  
It is play-off time at the Norval Recreation Centre for the Intermediates (Boys Leaguers). Norval, who were outlucked at the first of the season have finally hit the winning ways and everyone is predicting championship possibilities for them. If they can keep the team rolling as it has been rolling in the last four of the regular scheduled games, there is no reason why Norval cannot win an Ontario championship even as Georgetown did in the good old days of field lacrosse. In their last four games Norval tied Caledon 9-9 in overtime, beat Brampton, lost 10-9 to Northville, and last Friday walloped Northville (Taylor, Madgets and all) 12-5. In this last game Norval looked like world-beaters. The Brampton crowd (for it was played at Brampton Rose bowl) said it was the best passing attack displayed by any team this year.

For the benefit of supporters here is the Norval line-up. Incidentally it looks more like a Georgetown hockey team than a Norval lacrosse club. In goal is the one and only George Burrows of Brampton; on defense such hockey stalwarts as Joe Schertel, Enko Schillz and Jack Shropshire; at centre is B. Runan, a senior player from Brampton; and rover, the one and only speed boy Nick Ferri; while for wings, Don Lettice and Ollie Raine, two senior players from Brampton too. Then for subs there are Jim Burton, Bob Davis, Len Varoy, Andy Crichton, Archie and Duke Campbell, Clark Lyons, Lloyd Crichton, Doug Raine, Fred Keyes and Dave Andrews. The coach is that old-time senior player Ollie Burton. The manager of the team is Nels Robinson with club president George Brown, and treasurer, Bill Townsend.

The playoffs will begin the first week in August with teams finishing one and six, two and five and three and four playing off in a two out of three series in the first round.

	P	W	L	T	Pts
Inglewood	9	7	1	1	15
Caledon	10	5	3	2	12
Cheltenham	9	4	3	2	10
Northville	9	3	5	1	7
Norval	10	2	7	1	5
Brampton	9	2	6	1	5

**Juvenile Lacrosse**

(Age 19 and under)  
Norval Juveniles lost another close decision to Mimico 8-6 last Thursday at Mimico. If Norval had had a few substitutes they might have turned this loss into a win. Norval still has a good chance for the playoff for three teams out of four will fight it out. With home and home games with Long Branch coming up a loss will mean elimination.

The team is made up of the following players: Clark Lyons, Doug Townsend, John Haines, Junior Beaumont, Ern Thompson, J. Hepburn, Glen Scott, Bill Laidlaw, Bob Davis, Archie Campbell, Jerry Fendley, Russ Fendley, Jim Cleave, Bill Ardebekin and Phil Watt, Dunc Robinson, Bill Cunningham. Coach, Jim Clark.

**Midget Lacrosse**

(17 and under)  
Norval midgets, with big games with Brampton and Inglewood coming up at the Norval Recreation Bowl Tuesdays and Friday evening of this week, find themselves well ahead in the hunt for O.L.A. honours. To date they have won 3 and lost one.

The team: Duncan Robinson, Russ Fendley, Bill and Hugh Cunningham, Glen Scott, J. Hepburn, Ernie Thompson, Junior Beaumont, Jack Haines, J. Waley, B. Crawford, Bill Reid, Bob Leslie, Tom Finmore, Jim Cleave, and Eddie Hazel. Coaches — Clark Lyons and Bob Davis.

**Fee - Wee Lacrosse**

(13 and under)

It is this team that really is hot for Norval with five victories and no defeats to date. They have scored 33 goals to the opposition's 15. Little Douglas Allen is leading scorer with something like 17 goals to his credit, not to be undone are little Jamie Cunningham (the mighty atom) and Tommy Armistead with three goals each. This team played Brampton Tuesday, July 30 at Norval and Caledon East on Thursday, August 1. Norval, both games at 7:30 p.m. Come and see them. It is a treat to watch them.  
The team: Gordon Laidlaw, Jamie

**A MESSAGE FOR THOSE WHO NEED TRAINED WORKERS**

**AN ARMY INSTRUMENT MECHANIC HAD TO BE GOOD!**

Only one of 216 Army trades, the instrument mechanic, among other things, had to make optical, electrical or mechanical repairs to anti-aircraft fire control equipment or to any field instrument. He had to be able to use fine hand tools, watchmakers' lathes and check and calibrate instruments from a standard. He had to be able to follow blueprints, harden and temper metal parts and tools, know mathematics including trigonometry and have a knowledge of elementary electricity and optics.

**Today**

**He brings specialized training to industry ...**

In common with thousands of other ex-servicemen and women the instrument mechanic has a real contribution to offer Canadian industry and business. World War II was a mechanized war. Canada's soldiers, sailors and airmen, represent many hundreds of industrial skills. You will find competent journeymen among those discharged. You will find many thousands of others who have basic skills which can be converted to civilian production with additional training.

Investigate the training-on-the-job provisions of Canada's re-establishment programme. Under this, the Dominion Government adds to the wages you pay ex-servicemen and ex-servicewomen while they are learning. You can secure complete details through the National Employment Service, the Department of Veterans Affairs, or Canadian Vocational Training.

Men and women for the services were carefully selected on enlistment. Service experience, training, discipline and the lessons of organization add greatly to their value. Whether tradesman or not, the veteran makes the ideal employee. Canada offers none better.

**Service Skills Make GOOD Civilian Workers!**
