TRACEY — In loving memory of a dear husband and father, Dennis Tracey, who passed away August 15th, 1943.

He is gone, but not forgotten,
And, as dawn another year
In our lonely hours of thinking,
Thoughts of him are always near,
Days of sadness still come o'er us,
Friends may think the wound is
healed,
But they little know the sorrow
That lies within the heart concealed.
—Sadly missed by Wife, and Sons.

THE PROVINCE OF PROMISE...

Central ONTARIO'S rich pasture lands have, from the earliest days of settlement, sustained larger herds of dairy cattle than were necessary to the Province's own needs. In these 'earliest' days, which were not much more than a century ago, dairy production was exceedingly primitive, but the 1891 census disclosed the existence of 1,565 cheese factories in the Dominion, of which Ontario had 893. Today, this great showing is paralleled in every branch of Canada's dairying industry... Tomorrow, the Province's facilities will be more than equal to the demand for milk and its growing diversity of products.

Published by THE BREWING INDUSTRY (ONTARIO)

A CORNER ON CONES

Nearly six billion pounds of milk are consumed or processed annually in Ontario; the yearly value of Ontario dairy products runs around \$140,000,000; Ontario butter and cheese production is about 200,000,000 pounds a year. The chief credit for these fat figures, which are about one-third of the totals for the entire Dominion, goes to Ontario's 1,200,000 milk cows—themselves a third of Canada's dairy herds. The Province's 8,000,000 gallons of ice cream, however, amount annually to 50% of the nation's "sweetest treat"—which may explain the noticeable cone-consciousness of young Ontarians.
