The purse in the 2 yr. old will be \$3000, while the 3 yr. old will be Canada's richest \$7000. Championship races for the older division horses will be added each day. Better arrange to see these. Some of our readers have apparently confused a news item of a few weeks back in which we reported that Mr. Thomas Elson had retired from his position as machine tender at the Provincial Paper Mill. Cr. Thomas Elson has asked us to say that he is still on the job at Alliance and that he has no intentions of following in Mr. Elson's footsteps. A similarity in names, plus the fact that both men hold positions as machine tenders at their respective mills has led to the confusion.

Have your eyes examined by O. T. WALKER, R.O., Optometrist, at his office over the Bell Telephone Co., Main St., Georgetown, the second Wednesday of each month. Or you may consult O. T. Walker at his office in Brampton. Phone Georgetown, 187; Brampton, 599.

# What We Make Is HOMESPUN

To Grandmother the term "homespun" stood for quality and fine workmanship — for hours of patient, skilful work at the spinning wheel and the loom. It recalled the days when her mother had to take the raw, greasy wool and clean it, spin it into yarn and weave or knit the yarn into clothes for her family.

When small woollen mills were started in many towns and villages, Grandmother found that she could buy yarns and woollen cloth finer than any she could make. The old spinning wheel was put away in the attic.

Here in Glen Williams one of the first woollen mills in Upper Canada was built nearly one hundred years ago. From that day to this, "The Glen" has always had a textile industry steadily at work.

Today, in "The Glen" we weave warm blankets and knit sturdy work socks that are known for their "homespun" qualities from coast to coast. We take pride in these qualities and the fact that they are the product of and create year round work for the people of Glen Williams.
