WITH THE ANGLERS

Basin and Lake Trout
Art Crockett of Toronto, who is well known around Georgetown as an all-round sportsman, took some nice lake trout off Big Bay Point, Lake Simcoe. These were a fair size. He and two friends also took some nice bass ranging from 3 to 5 pounds on plugs. These were caught near Kinmount.
Speckled Trout
Bob Cairns of Guelph, who is holidaying in Prince Edward Island, informed your columnist that he has had wonderful luck on flies purchased from him. His catch consisted of trout ranging in weight from three-quarters to one and a half pounds. The fly used mostly was the Alexandria. The chief dressing on this fly is peacock sword. The other flies also were good, he says.
Trout
While fishing at the Cataract and above old bridge camp on the Credit, Albert Ford and the writer took a nice catch of speckled, though they weren't overly big. They seemed to take flies readily. The water is very cold and there seems to be an abundance of trout. This is of course typical trout water and is heavily fished.
Hunting and Fishing Club
Every effort is being made to obtain information regarding sporting flies, speakers and demonstrators on fly and bait casting. These we hope to have on our social night.
Apologies
A few weeks ago we reported that Allan Hayward of Guelph caught a 25" musky in Georgian Bay. This should have read 36".

CHURCH NEWS

First Baptist Church
Minister — Rev. J. E. Ostrom.

MILTON JUVENILES PLAY HERE TODAY
In a championship play-off match in the Juvenile O.B.A. semi-finals, Milton and Alliston are playing in Georgetown park this afternoon, the game scheduled at 3.30. It will be the third meeting of the two teams. Milton won the first game on their home ground by a hand alle score of 36-1, but Alliston came back last week with a 13 - 2 win to even up the series.
— Labor Day, Monday, September 2, will be the next public holiday in Georgetown.

THE STUDENT
In the schoolroom the student is required to use his eyes for many hours daily and faulty vision will give him a great deal of trouble. To avoid the resultant discomfort it is best to have the student's eyes checked carefully before sending him back to school.
