INSTITUTE MEETING

The September meeting of the Georgetown Women's Institute was held at the home of Mrs. E. R. Robinson on Wednesday afternoon September 12th at 3 p.m. Mrs. W. Stocclair and Mrs. H. Bailey presiding.
After the usual opening ceremonies the minutes of the last meeting were read and correspondence dealt with.

Final arrangements were made regarding the exhibit at the fair. The Roll Call "Suggestions for saving steps in the Home" brought many varied answers.

The programme convenors for that day were Mrs. D. Livingstone, Mrs. W. Marshall, Mrs. M. Near.
At this point Mrs. Livingstone took the chair and announced the following programme. Reading by Mrs. George Campbell, Baled demonstration, Mrs. W. Marshall, Mrs. E. R. Robinson; Reading, Mrs. A. Livingstone. Then followed a short sing-song. After a vote of thanks to the hostess, the committee and those taking part, the meeting closed with the singing of the National Anthem, after which a daily lunch was served consisting of a salad plate, biscuits and cookies.

Legion Notes

L. M. O.

With the cold nights of the Autumn now a reality, we hope alterations will somehow be speeded up, as at present the larger part of the ground floor is decidedly cool in the evenings. One of the comrades informed us that a stove will be put up for the present. That would certainly solve the problem until winter sets in, at any rate.

We see a brand new furnace, still crated, has made its appearance in the Rooms. This will certainly be an addition to the Branch, as a modern heating system is one of Branch 120's main needs.

An executive meeting was held in the Hall last Wednesday evening, and a good deal of routine business was disposed of. The meeting was quite lengthy not closing until well after midnight.

We note that a number of the Comrades are passing a good many evenings playing bridge. With so many "bridge fiends" in the Branch why not organize for the winter, have regular competitions among the members, and in time, with other neighbouring branches. At present the largest number of players seem to come from the older members, but we know many of the younger ones would be very interested in a bridge club being formed in the Branch.

A short time ago the question of sponsoring a midget or juvenile hockey team for the season 1946-47 was mentioned. If such a project is to be undertaken, now is the time to get busy and lay plans, round up players, outfit them, etc. How about it, comrades?

The Women's Auxiliary celebrated their 18th anniversary on Thursday evening, September 12th. Some sixty eight members and friends were present, and sat down to a lovely banquet. This was followed by entertainment and dancing. Everyone reported an excellent evening. The affair was arranged by a committee of ladies of the auxiliary, headed by Mrs. T. Grieve.

It has been suggested that former members of the RCAP and RAP in Georgetown and district have a "get-together" and dinner some evening. The originator of this idea, Harry Hale, served with the Royal Flying Corps in the first World War, and is quite sure that an interesting and enjoyable evening could be had by all. We would suggest that all former "pigeons" think this idea over, and if interested get in touch with Harry, so that arrangements can be made, committee formed, and a full list of Air Force "ex's" be compiled. We think this a very worthwhile idea, and as a large percentage of the boys are members of the Legion, feel sure that the Branch would be only too happy to grant the use of the Rooms to organize such an affair.

"SKILL" IS HIS MIDDLE NAME

AIMÉ AUBIN, 56, is considered an ace pattern-maker in the Three Rivers, Qué., paper mill where he has been working for over a quarter of a century. Next to his work, employees' welfare is Aimé's biggest interest. He was a founder and let president of the Employees' Mutual Benefit Association — a position he has held for twenty years, and has been president of his union for four years. Aimé has been a member of the company Athletic Association since its establishment, and a president of the mill hockey and softball leagues. Despite these many mill activities, Aimé is an active member of the Proprietors' League, and enjoys his favourite hobby — handicraft.

Like most paper men, Aimé is enthusiastic about his company and his work. Says Aimé: "It has been a pleasure to have entered the service of such a company... I hope that the years I have left to work for the company will be as happy and joyful as in the past."
