LETTER TO THE EDITOR

Georgetown, Ontario, September 18, 1946.
The Editor,
The Georgetown Herald.

Dear Sir:
May we use your publication to correct any misapprehension that might exist in the minds of Georgetown citizens regarding the membership of Apprentice Productions, our local theatrical group?
When we first organized we felt that for the best results it would be better to encourage those interested to volunteer for membership rather than to approach individuals and ask them to

join the group. We felt that, in this way, we would ensure the best co-operation and the most whole-hearted work. We still believe in the merit of this system and have never asked anyone to join our organization.

However, we are by no means a closed corporation. And, while we will not approach the individual and ask him to join the club, we are eager to have as members anyone and all in Georgetown who are interested in the dramatic or technical end of amateur theatricals. Anyone, of any age, who is interested in acting, in writing, or in the staging of plays may consider this letter a warm and sincere invitation to join Apprentice Productions.

At the moment we are preparing a rather ambitious production for autumn presentation under the auspices of the Georgetown Recreational Council. We have four interesting, amusing and quite easy parts for male characters which we are having difficulty casting, chiefly because we haven't enough men to go around. We hope that at least four men will consider this letter a personal invitation to increase our membership. And we would like to have many more members of both sexes.

We would like everyone to know that none of us is "experienced." We are all strictly amateur and have had, in many cases, no previous experience. But, putting on plays is fun, we're learning something and there's a thrill to be obtained from giving an audience an evening's entertainment. Aside from that, Apprentice Productions, we feel, will be doing a worthwhile job in helping other local organizations to raise money.

Anyone who is interested in the foregoing may obtain further information by contacting the President of Apprentice Productions, Mrs. S. E. Magwood, or the undersigned.

We would like to thank you, Mr. Editor, for your interest and support

in the past and for the numerous "plugs" which you give us from time to time.
Yours truly,
Jack Thompson, Director.

Georgetown, Sept. 16

Dear Sir:
In reading the Acton Free Press I notice that the council is planning for recognition day on Saturday, September 21st, with prizes being offered for floats, decorated bicycles, etc.

I have been requested by five directors of the Acton Agricultural Society to enter an agricultural float and I might say that I have consented to do so if it is a fine day.

Also Mr. Elliot, weather permitting, I will go by way of Georgetown and stop on Main Street about 10.30 to allow the Public School children to see and impress upon their minds the spirit of Halton Co-operation.

The school children will be given an opportunity to write an essay on the float and there will be two classes: - For boys and girls 12 years and under; For boys and girls 14 years and under. Essay must be in the hands of Principal H. C. Wrigglesworth by Wednesday September 26.

A number of Georgetown business men have promised donations, as soon as the float arrives in town, to be used as prize money.

Yours for co-operation
Wm. Oliver Brownridge
