Rt. Rev. Jesse H. Arnup, D.D., Moderator of the United Church of Canada, who presided at the meeting of the General Council at Montreal, September 11 - 20, which considered a report of a joint committee on cooperation between the United Church and the Church of England in Canada.

4887 RATION BOOKS ISSUED IN GEORGETOWN

A total of 4887 ration books were issued during the two-day period on September 13th and 14th, at the Municipal Building in Georgetown. Issuing of the new books, under the direction of Mrs. W. V. Grant of the local office, was also handled at the same time in Acton, where 3519 books were issued. This is the sixth such book to be issued in Canada containing those precious bits of paper without which meat, sugar and butter rations would be pretty slim on our tables.

Mrs. W. E. Nodwell was distributing chief and examiners included Miss Prairie Maguire, Mrs. Harold Cleave, Mrs. Syd MacKenzie, Mrs. W. E. Townsend and Rev. H. Leigh-Pink. Others who helped during the two days included: P. B. Harrison, Ralph Ross, Mr. and Mrs. D. W. Baxter, Archdeacon and Mrs. W. G. O. Thompson, Mervin Robb, Mrs. E. B. Tyers, Mrs. Perc Cleave, Mrs. S. B. Groat, Mrs. Harry Savings, Mrs. Gordon King, Mrs. Ern Thompson, Mrs. K. Davidson, Mrs. Jack Hughes, Mrs. R. B. Foulis, Mrs. Mary Bally, Mrs. Norman Snyder, Mrs. Wm. McDowall, Mrs. Wm. Milliere, Mrs. Jack McGibbon, Mrs. Eugene Pomeroy, Mrs. G. McNicol, Mrs. Duncan Toot, Misses Annie Ryan, Marjorie Gault, Betty Grant, Jean Ruddell, Erma McCumber, Kay Tyers and Norma Thompson.

Distribution of the books at the Alliance Paper Mill was made by Miss Margaret McMurchy, at Provincial and Dayfoot by Mrs. Nodwell, Harley-Kay-Marsland by Miss Olive Kennedy, Clay Products by Mrs. George Dobson and Beaumont Knitting Mills by Miss Honore Andrews.

key that will unlock a brighter future for us. If we aren't given that help, how can we become examples to the generation following us when that time comes? Are we to teach our children nothing but the dark side of life, the hellish side? That is sure to happen if we aren't given a chance now.

Sincerely yours,
A teen-ager thinking of the future.

LETTER TO THE EDITOR

Georgetown, Ont.
September 22, 1946

Dear Mr. Editor:

In your latest edition of The Georgetown Herald I noticed in your Editor's column an article headed "The Challenge," and I would like you to know that I took a different meaning out of that article than what you probably intended your readers to take.

I believe in a man making his own opportunities in life. But I also believe that he can't go all the way without a helping hand from his "neighbour." When he comes to a door with a big iron lock keeping it shut fast he can advance no farther until the keeper of that door either unlocks it for him or else gives him the key to unlock it himself.

Mr. Editor, you give us the key and we will shove that door open that's closed on the youth of Georgetown now.

But, first of all, do you know the key which fits the lock on this door? It is a new, modern up-to-date school, with an auditorium for the presentation of such activities as School Nights, Commencements, Music Festivals, Dramatics, Community gatherings, etc. Also, if you look closely enough, you will see a gymnasium of the proper size to avoid exclusion of any sport or activity due to scarcity of space. There will be class-rooms large enough to hold the increase in enrolment which would be of the healthiest type possible with proper ventilation and lighting. Also the staff would be outfitted with the tools necessary for proper instruction.

I could continue forever with comparisons between the present building serving as a high school and that which all clear thinkers can see must take its place. But I would rather not. Instead, I would rather the people who read this letter take up the challenge I am putting before them, and give serious thought to what I have said. Now, more than ever we need the

ARE WHAT YOU EXPECT

AT THE SIGN OF THE BIG B-A

Queen and Guelph Sts. Neil Ellison, prop.

DID YOU EVER WALK UP 20 FLOORS?

Any time you have walked up even three or four floors you have probably grumbled at the lack of elevator service. But have you realized just how impossible a modern city would be without vertical transportation . . . or how impractical and costly elevators would be without electric power? Elevator service is just one example of countless taken-for-granted ways in which electricity serves in daily life.

The home washer, electric range, refrigerator, and vacuum cleaner all take a lot of muscle-testing toil out of maintaining a home. Imagine one cent running a washing machine or a vacuum cleaner for a couple of hours, or giving refrigeration for a whole day! But that is what one cent's worth of electricity can do at average Ontario rates.

On a farm, any time you see men pitching hay into a loft you can figure that the job is worth approximately 1c per ton. Anyway, that is about what it would cost for electricity to do the same work at average Ontario rural rates. More and more farmers are learning that electricity is the cheapest labor they can hire. And your Hydro is doing everything possible to extend rural services as rapidly as the supply of materials will permit.

Whether you live in town or country, whether you work in skyscraper or barn, Hydro works for you in Ontario at a cost much lower than obtainable in most other parts of the world. Make the best use of it.

THE HYDRO-ELECTRIC POWER COMMISSION OF ONTARIO
