

Telephone Calls Have "Shot up" too!

TELEPHONE CALLS and Juniors have a lot in common... both have grown at a breath-taking pace. And a switchboard is even harder to get than a new suit for Juniors. That, in brief, is why the operator is often unable to answer you promptly.

Equipment is being added just as fast as the supply situation will permit. But complicated things like switchboards take time to build and install, even when you're as impatient as we are to restore telephone service to peak efficiency. And that means once again giving you instant service on every call you make.

Norval Welcomes War Bride

The ladies of Norval welcomed home the first, and the only war-bride to come to their community, in truly hospitable fashion last Friday evening, when Mrs. Ray Pomeroy entertained at a miscellaneous shower in honour of Mrs. Edward Stapleton. Mrs. Stapleton arrived in Norval two weeks ago, after she and baby daughter June had crossed from England on the Queen Mary. Her husband's parents, Mr. and Mrs. Henry Stapleton of Norval greeted them and took them to their home, where she will await the homecoming of Gunner Eddie, who is stationed in England, serving with the Canadian Wives' Bureau.

About forty ladies were present at the shower to meet the war bride and welcome her to her new home. A pleasant social time was enjoyed, during which Misses June Carter, Toronto, and Marion Pomeroy entertained at the piano and in song. Winner of a novel "apple contest" was Mrs. Archie McKeekin, after a draw for first place. The gifts were brought to the guest of honour in prettily decorated baskets by Marilyn Cunningham, Colleen Gordon, June Carter, Marion Pomeroy, and Mary Carney. After opening the lovely and useful presents, Mrs. Stapleton expressed her appreciation of the kindness of the Norval ladies.

A dainty buffet lunch was served from a table made very attractive with pink tapers and pink and white flowers. Assisting Mrs. Pomeroy in serving were Mrs. Ormie Carter, Mrs. L. Laird, Mrs. C. Moreton, Miss Mary Ouppland, Miss Joy Laird and Mrs. Walter Fidler.

Gnr. Edward Stapleton and the former Joan Stratful, daughter of Mr. and Mrs. R. Stratful of Dover, Kent, England, were married on August 2, 1944, at Shepherdswell, near Dover. Eddie, who enlisted in 1941, has been overseas since March, 1942. His wife, who lived all through the war at Dover, which is only 26 miles from the French coast, has seen a great deal of shelling and bombing. She saw the "D-Day" invasion from a window in their home.

CARD OF THANKS

Sgt. and Mrs. J. D. Cross wish to thank their friends for the reception tendered them last week. Sgt. Cross also extends his thanks to the Lorne Scots W.A., Messrs. McClure and Robb and the various organizations who sent parcels and cigarettes to him while overseas.

CAMERON WILSON HALTON DELEGATE AT PORT SEVERN

At a recent meeting of the Halton County Junior Farmer executive, Cameron Wilson, Milton, was selected to be among the forty delegates meeting at Camp Hawley, Port Severn, Ontario, October 7 to 12th, in the Provincial Conference for Farm Leaders. It is indeed an honour for Halton Juniors to be allowed a representative at this important convention and they have chosen a most capable delegate.

Another important item of business concerned the Achievement Day cups. During war years it was not possible to keep the trophies "up to date." The executive is now having the shields engraved and attached to date, as well as having most of the cups refinished and relacquered. This year's winners of these treasured cups will soon be rightly proud to have them on display.

In preparation for the forthcoming provincial contests in public speaking and amateur entertainment a county contest for elimination will be held in Milton High School, Friday, November 8, to select county winners who will compete with Wentworth winners later in November. Each club is to furnish competitors and a short, informal dance will conclude the evening.

The Blue Cross Hospital Plan was again discussed but finally left to the individual clubs for action. Plans for a joint Leadership Training School with Halton and Wentworth executives attending, met with some response and it is hoped that it can be arranged before the new year.

The Halton executive has inaugurated a unique scheme of keeping a file of clippings — news items and pictures — of Halton Junior activities. A scrap book is being procured and the additions to the file will be brought up to date at each meeting. This book should prove very interesting as we see our Junior program advancing.

FATHER DIES IN ENGLAND

Mr. Alex Taylor of town received the sad news recently that his father had passed away in England. The late James Taylor was born in Newcastle 79 years ago and had made his home at Ivy Terrace, Craghead, for 38 years. He was a hairdresser by trade, retiring eleven years ago and had since devoted himself to his hobby of gardening. Ill health had confined him to bed for three months prior to his demise.

In 1891 he and Mrs. Taylor were

BOTTLE SHORTAGE SERIOUS

MAY CURTAIL BEVERAGE PRODUCTION SAY BOTTLERS

Immediate Return of Empties Urgently Needed

Right now there is a very serious shortage of bottles . . . particularly beverage bottles. Unless this bottle shortage is made up immediately, it may be necessary to cut down the production of the beverages you need and which come only in bottles. This is an urgent appeal to you to gather up your empty bottles and return them without delay.

Start a bottle round-up in your home today. Gather up the empty bottles in your kitchen—your pantry—your store room—your shed—your cellar. Sort them out and return them at once, or call the regular pick-up service. Your help is important . . . the need is urgent. Please gather up and return ALL empty bottles today or tomorrow at the latest.

Why a Bottle Shortage?

Canadian glass factories normally produce MILLIONS of bottles every month. The vital ingredient in bottle making is soda ash. Since July 12th the only big Canadian soda ash factory has been strike-bound. Since then the stock of soda ash has been used up . . . bottle factories are closed down . . . bottles are not being made today. Beverage bottlers and all producers of bottled liquids must have your bottles back to keep going. Bottling plants will close down too . . . if your empties are not returned.

THE BREWING INDUSTRY (ONTARIO)

married at St. Cuthberts, Newcastle, and death severs a partnership of 55 years. He also leaves a daughter, Mrs. J. Freeman. Mr. Alex Taylor last saw his father in 1929, when he came from the old country to make his home in Canada.
