

One of us

A YOUNG OLD-TIMER...

Although only 30 years old, Gordon "Chubby" Barrett has already been "one of us" for 11 years — as an Electrical Maintenance man with a pulp and paper company at Thorold, Ontario. Chubby is a keen sportsman. He bowls for the mill team, and is an active organizer for the Amateur Athletic Association. He's served three years as a Town Councillor of Thorold, and has also been a member of the town Police, Fire and Publicity Committees. Chubby is married, and is justly proud of his wife and 5-year old Brian. In the war Chubby worked his way up from private to lieutenant in the Canadian Infantry Corps.

"You've got to like a job a good deal to stick at it for 11 years... I think this Pulp and Paper Industry is going to be pretty important during the next few years. It offers a basis for large scale permanent employment on which to build a normal peacetime prosperity for the country."

Gordon Barrett

THE PULP AND PAPER INDUSTRY OF CANADA

82 companies, small and large, with 108 mills from coast to coast.

A GOOD INDUSTRY TO BE WITH

Halton Cream Producers Organize

The Cream Producers of Halton County responded well to the meeting sponsored by the Halton Federation of Agriculture, held in the Court House, Milton, and all four Townships were well represented.

Mr. W. J. Wood, Alliston, Ontario, chairman of the Cream Producers' Committee, told the meeting that already half the counties were organized and several more underway and emphasized the importance of Cream Producers taking advantage of the opportunity now available for them to look after their own business.

Mr. John Marshall, Director to the Ontario Milk Producers' Association, also addressed the meeting. Mr. Marshall said he had found that his association in carrying out its duties as director, that farmers were not the rugged individuals they were or pretend to be, but rather, they looked to their association for help and guidance and by working together they were able to accomplish a great deal to bring about better conditions for themselves. He said the other dairy groups were interested in the Cream Producers and felt they should organize and have an association of their own. "It will cost you something certainly," he said, "but the cost is only minor in comparison to the returns if you give your organization your loyal support and back up those appointed to represent you. He also referred to prices and costs; we cannot afford to do as we have in the past. The time has come for us to employ our own economist. We must know our costs; it is essential we get this information and get it across to the public.

The meeting passed a motion to organize the Cream Producers in Halton and four directors were elected from each Township to form a County Executive. Those elected were: — Nelson—George Colling, Amos Newell, Joe Rogers, Robt. Sault, Nassagaweya—Arthur Diamond, Clarence Wilson, Wilford Kennedy, Lindsay Ferguson; Esquesing—John, Carton, Mac. Alexander, Robt. Miller, Frank Wilson; Trafalgar—Ken. Watson, Arthur Peacock, Allan Clements, Geo. Brownridge.

Mr. Frank Wilson, Georgetown R. R. 2 was appointed Provincial Director.

Three delegates were appointed to attend the Cream Producers' meeting in the King Edward Hotel, Toronto, on October 24th—Director Frank Wilson, Ken. Watson and Lindsay Ferguson.

Mr. Paul A. Fisher was chairman, and R. S. Heatherington secretary of the meeting.

First pickpocket: "What are you reading that fashion book for?" Second pickpocket: "Well, we've got to know where all the pockets are, haven't we?"

ASHGROVE

Suns and skies and clouds of June And flowers of June together, Ye cannot rival for one hour October's bright blue weather.

Our W.M.S. Auxiliary again had the pleasure of holding their Autumn Thankoffering meeting at the spacious home of Mrs. E. M. Readhead at Lowville on Tuesday afternoon, October 8th, with a large attendance. Visitors were present from Georgetown, Milton and Lowville.

The president, Mrs. Thos. Giffen, opened the meeting with the hymn "Come Ye Thankful People Come." Minutes of the Easter Thankoffering were read by the secretary, Mrs. W. Brownridge. Mrs. James Barnes of Milton, a one-time faithful member of Ashgrove society, had charge of the devotional which was based on the Lord's Prayer. A beautiful solo "Jesus Never Falls," sung by Mrs. Howard Wriggworth of Georgetown, was followed by a splendid address from Mrs. H. Bewell, who with her husband was for 39 years out West among the Ukrainians, and she told of their trials and hardships and what wonderful people they become after the missionaries teach them. They are all crusaders for Christ and His Kingdom.

A very pleasant feature at this meeting was the presentation of a life membership certificate and pin to Mrs. John Bellbody. Mrs. Frank Ruddle read a lovely address and Mrs. Ernest Readhead presented the gift which the recipient will treasure all her life. Mrs. Walter Brownridge thanked everyone who had helped in the meeting and a social hour was spent over the tea cups.

Mr. and Mrs. Frank Ruddle attended the wedding of her niece, Miss Catherine Christian in Charlton Ave. Baptist Church, Hamilton, on Saturday, October 5th.

Mr. and Mrs. Fred Nurse, who sold their property in Erin, have bought Mr. R. J. Graham's farm and are busy moving down and getting settled. We welcome Fred and Zeta and their little family back among us.

Birthday greetings to Mrs. Marion Hunter and Miss Viola Brigden whose birthdate is October 19th, and also Mrs. Walter Brownridge on Oct. 21st.

Latest announcement concerning the new factory of the W. A. Sheaffer Pen Company of Canada Limited at Malton reports that 500 persons will be employed there within the next 18 months.

The new plant, across the road from Malton airport, will replace the Sheaffer factory on Fleet Street, Toronto, which was burned out last April.

If wet the sale will be held under cover.

W. F. McEnery, clerk. FRANK PETCH, auctioneer.

CERTIFICATE FROM FIELD MARSHAL MONTGOMERY

Another district serviceman has been honoured for his army service in the person of Cpl. Horace Elyth, who recently received a certificate signed by Field Marshal Montgomery, Commander-in-Chief of the 1st Army Group. Horace, who served with the

army overseas, gave up his job with the Alliance Paper Mills to go back to the land and is now farming at R. R. 1 Acton.

The citation reads: "It has been brought to my notice that you have performed outstanding good service and shown great devotion to duty during the campaign in North West

Europe. I award you this certificate as a token of my appreciation and I have given instructions that this shall be noted in your Record of Service."

"You are lying so clumsily" said the judge to the defendant. "That I would advise you to get a lawyer."

"THE MOOSE"

Based upon a picture painted for Carling's by C. H. Sinclair.

This is one of a series of illustrations on the subject of the Conservation of Canada's natural assets designed to emphasize the fact that the benefits of unspoiled nature that we enjoy today are a precious heritage which we must protect for tomorrow.

"Give Him a Sporting Chance"

Wily, courageous, resourceful, the Canadian moose asks of mankind only a sporting chance of survival. In the vast forests which are his home, he is king—able to overcome most of the dangers that beset the creatures of the wild.

His sharp hooves and antlers are a match for predatory wolves—his thick coat and mighty frame equal to the hardest winter—his skill, speed and endurance are such that he can be expected to survive even the high-powered rifle of the huntsman—providing that the hunting is carried on according to the reasonable and just laws of conservation.

Things that he cannot survive are indiscriminate hunting, the destruction of his feeding grounds by fire, and the disturbance of the "natural balance" by which Nature protects all wild-life. The destruction of beaver causes marshes to be drained and the moose are deprived of their best feeding grounds. The destruction of smaller game will cause wolves to turn in ravenous packs upon deer and moose. Thus we see how conservation protects not one, but all wild creatures.

We all have a vital interest in the conservation of our wealth of wild-life and natural resources, for these are part of a heritage in which we all share. The preservation of that heritage demands, from each one of us, a thorough understanding of the needs and methods of conservation, and this realization prompted the forming of The Carling Conservation Club.
