IN MEMORIAM

INGLIS — In loving memory of a dear mother Mrs. James Inglis who passed away October 24th, 1944.

It's lonesome here without you, Mom
And sad the weary way.
For life is not the same to me
Since you were called away.
If I had all the world to give
I would give it, yes and more,
To hear your voice and see you smile
And greet you at the door.
So you who have a mother
Ocherish her with care.
You'll never know a heartache
Till you see her vacant chair.
—Always remembered by daughter
Jean, son-in-law William Brennan and
grand-daughters.

I hear some students are complaining about having to kick in 50c and 75c for the pleasure of the student council to dispose of at the leisure of parties and recreational facilities. Come on, all you ambitious people and bring your required money to the rep. from your room. Remember, the more the merrier.

What on earth ever happened to the rugby games? Maybe I'm behind times but I certainly haven't heard anything about it and I don't think the series are finished.

On Monday night an off-the-record game of rugby was played. The score 35 - 15 for Peck vs. Dillon.

There's a high school dance coming up. Watch for further notice or ask Reed Hunter the student council president.

Two boys from the school went to Toronto last Thursday to donate blood at the General Hospital. Afterwards they toured one or two points of educational interest in the city.

Cadets are underway this year with the attraction of lectures as well as good old drill. After each drill period crutches and foot liment will be supplied to foot-sore cadets.

Georgetown High was defeated at the inter-school meet but went down fighting. A considerable force of rooters supported the home entries and a good time was enjoyed by all.

Who's lucky?

Next time you see a neighbor, or one of the fellows who works with you on your job, tell yourself: "He's a mighty lucky man—and so am I."

We all are, here in Canada. Yet "lucky" isn't quite the word for a people who have the common sense and courage to look at the high prices of many unessential things and say: "This price is too high. I won't pay it."

No, it isn't luck. It's character. It's what The House of Seagram has been proud to extol as a Canadian virtue—the ability of the Canadian people to be moderate in all things—in their thinking, in their actions and in their habits.

Nobody's just "lucky" here in Canada; we've just all helped to make ourselves that way. And because today's moderation is the key to tomorrow's abundance, the people of Canada can look forward with certainty to an abundant tomorrow.
