50 YEARS A PAPERMAKER

At 71, Ed Shultz is as keen a paper maker as any of them. He has been running paper machines in the same mill at Sault Ste. Marie, Ontario, since 1912, longer than any other man in the plant. In fact he started to work in the pulp and paper industry before the end of the last century. Few can boast a longer record of service or a longer membership in the Brotherhood of Paper Makers. "Old Ed", as he is called to distinguish him from his son who works in the same mill, is really "one of us". He is a fine, upstanding citizen-worker, truly representative of a great industry and of the men who made it great.

Though he is an ardent fisherman and baseball fan, Ed considers paper making his real hobby and takes great pride in his work. He is proud too of his fine family of nine, five daughters and four sons, but glories particularly in the fact that three of his boys saw active service in World War II.

Royal Fair Notes

Several local men will take a prominent part in the Royal Winter Fair at Toronto this month. At least two will be judging—Bruce Reid as a junior-cattle judge and Corey Harrington, poultry. The latter will also be showing some of his prize stock from Sunset Farm.

Ken McMillan, Georgetown's much-travelled horseman, is enthused of course about the horse show, and tells us that 90% of the horses which appeared at the Lions Horse Show and the Fall Fair will be at the Royal. Jack McKay, Robert Kerr and Son, Aoton, and John Campbell, who has a pair of fine road horses up his sleeve, will be among the exhibitors. Elgin Armstrong of Brampton, fresh from the Chicago Horse Show where he took first for Hackney ponies and second for Hackney tandem, will be there too; and a real treat will be the Frances Dodge stables from Rochester, Michigan, supposedly the world's leading Hackney stable. Ten all-horse teams have been entered, which will be a show in itself.

HALTON DEANERY SUNDAY SCHOOL ASSOCIATION

Halton Deanery Sunday School Association held their annual meeting at Grace Church Parish Hall, Milton, on Monday evening, October 28th. About nine of the officers and teachers of St. George's Sunday School attended. The address was given by Rev. A. E. Omgley, youth chaplain of the Diocese, and moving pictures (talkies) were shown, the title being "Tips for teachers."

It was decided to hold two meetings a year, and also that officers should continue in office for three years. Mr. McGrogan of Milton was re-elected president, and Mr. Don Wilson of Bronte, secretary-treasurer. Refreshments were served at the conclusion of the meeting.

Nature Unspoiled — YOURS TO ENJOY — YOURS TO PROTECT

"RED HEAD DUCKS" by T. M. Shortt, Ornithologist. The above illustration shows red head ducks in their natural Canadian habitat.

THE HUNTER—a Conservationist
The hunter, too, becomes a conservationist if he adheres rigidly to bag limits, kills destructive animals and birds whenever possible and respects the forest laws regarding camp fires, etc.

Over the cool, sun streaked marsh—a breath-taking whir-r-r-r... heralds their coming. "RED HEADS", twin symbols of brilliance and grace, sweep overhead—are gone. But conservation measures will ensure their return, year after year, in increasing numbers.
"Sanctuaries have been established, many of them being marshy lakes which restore former breeding and resting places... By assisting the agencies whose efforts are directed towards conservation everyone of us can have a part in the preservation of Canada's water-fowl."
