ODDFELLOWS HALL, GEORGETOWN

Saturday, Nov. 30

1 to 6 p.m.

The voice of Carl Trevors, popular Toronto singer, is heard every Friday evening over the CBC Trans-Canada network at 7:00 p.m. EST, singing romantic lyrics that are favorites with listeners. Mr. Trevors is assisted in his song review by pianist Bill Isbister.

POLISH VETERANS WELCOMED TO CANADA. Approximately 1700 Polish war veterans, members of the famous British 8th Army, landed at Halifax on Tuesday, Nov. 12th and were transported across Canada by Canadian Pacific Railway for immediate placement at farm work. Top, J. S. W. Crocholski, Toronto lawyer and president of the Canadian Polish Congress, extends a welcome to a group of beribboned vets, many of whom were wearing the 8th Army Crusade patch, and all of whom were still in uniform. They were discharged before sailing from Naples, Italy and will soon don civilian clothes. In the lower picture the new arrivals received part of their last army pay in the embarkation area through the Canadian Pacific offices before being despatched to various Canadian army depots for disposal to Canadian farms.

Admission: 35c

Ticket holders must be in their seats by 8 o'clock

Scientists are working day and night in an effort to find a cure for tuberculosis.

OAC PROFESSOR SPEAKER AT NORVAL JUNIORS SOCIAL

Professor Norman High, of the Economics Dept. of the Ontario Agricultural College, Guelph, was guest speaker at the social evening of the Norval Juniors in Norval Parish Hall on Tuesday, November 12th. Taking as his theme an old proverb "Where there is no association there is much ignorance," Mr. High stressed the important part that organizations like the Juniors have in life with their motto "Self help and community betterment." Through meetings and association members learn from each other and make a better community and a better country.

A program included vocal solos by Anne Clifton, trumpet solos by Colin Anderson, Milton, and a recital by Joseph Lyons. Jean Chester, of the Norval Club, gave her prize-winning speech "Why I prefer Farm Life", which won first prize at a recent county speaking contest in Milton. Another feature of the evening was the presentation of trophies won in

the Norval Juniors Grain Show at the Georgetown Centennial Fair. Presentations were made by Craig Reid, president of the fair, and himself winner of the Bank of Commerce tray for the exhibitor winning most points in the grain exhibit. He presented the Beaumont Trophy to Craig Alexander, the Lindner trophy to John Bird and the Smith and Stone Trophy to Bill Alexander. After lunch dancing was enjoyed to

the music of the Rhythm Rubes. The committee in charge of the evening was headed by Ward Brownridge, president of the boys' group, who also acted as chairman, and Ismay Koss, president of the Junior Institute.

THE PROVINCE OF PROMISE...

Southwestern **ONTARIO** accommodates nearly half of Canada's furniture manufacturing establishments, and the industry may well be said to centre there. As with other industries, an impressive share of the province's furniture-making facilities were turned from their normal task during the war, but the woodworking plant is one of the most readily convertible and its future one of the most assured... with the greatest demand in history, both for the new homes of Canada's prosperity and the immeasurable replacements required abroad. In Ontario, woodworking is moving steadily to the fine old lumber and ship-building towns such as Collingwood... inspirational localities where the cabinet-maker craftsman finds himself in the midst of Ontario's forest resources—as well as health and quiet.

FURNITURE CENTRE

In 1944, of the 472 Canadian factories engaged in the manufacture of wooden furniture of all kinds, 208 were located in Ontario. In the same year the gross value of the manufactured products was approximately \$30,000,000. Nearly 8,000 people were engaged in the industry and more than \$11,000,000 was paid in salaries and wages. Sawm lumber was the principal material used and, while much of the hardwoods used came from the United States, the soft-woods were the product of Canadian sawmills.
