BALLINAFAD

"Chemical Research for the Farmer" was the subject when the Farm Forum met on Monday night at the home of Mr. and Mrs. Robert Kirkwood. After the discussion period, Clarence Snow told of the proposed Welling-100, County Hospital Plan and the members expressed their approval. Mrs. Robert McEnery and Mr. Jesse McEnery were named a committee to arrange a program in Peacock School early in January, when the National Film Board will show movies. Next Monday's meeting will be at the home of Mr. and Mrs. Clarence Snow.

Many friends and neighbours gathered in the community hall, Ballinafad Wednesday night, Dec. 4th, to do honour to Mr. Gordon Price and his intended bride on the eve of their approaching marriage. Mr. Lloyd Marshall performed the duties of chairman. After a short programme Miss Shirley Wright read the address and the young couple were presented with a mirror, two cushions and other small gifts. Gordon and Betty, in a few well chosen words, made a fitting response, after which lunch was served by the committee in charge. The rest of the evening was spent in dancing.

Friends and neighbours are sorry to hear of the serious illness of Mrs. Fred Cole. We hope to hear of her improvement in the near future.

STEWARTTOWN

Mr. and Mrs. W. Huffman and Michael of St. Catharines, spent the week end with Mr. and Mrs. C. Smith. St. John's W.A. held their annual meeting at Mrs. Joseph Standish's home last week. Reports showed a very good year with all appointments met. Officers elected for 1947 are: President—Mrs. O. E. Smith; vice-president, Mrs. John Standish; secretary, Mrs. Joseph Standish; Jr. Supt., Mrs. Mary Bally; Little Helpers secretary, Mrs. W. Hodge; educational secretary, Mrs. Johnston; auditors, Mrs. John Standish and Mrs. L. F. Greenwood.

MRS. FRED McNALLY HEADS DAUGHTERS OF CHURCH

The Daughters of the Church (St. George's) held their annual meeting and election of officers on Monday night at the home of Mrs. Fred McNally.

Officers for 1947 are:
 Hon. President — Mrs. W. G. O. Thompson
 President — Mrs. Fred McNally
 Vice-Pres. — Marjorie Stigger
 Secretary — Mrs. Fred Armstrong
 Treasurer — Mrs. Thomas PARRY
 Chaplain — Mrs. Thomas Eason

Protect Your Investment
Save Your Old Roof

Have us resurface and seal your present roof with the old reliable American L-R. Cement to get a long-lasting weather proof job at an economical cost and which saves you—

WORK, WORRY, MONEY and DAMAGE on

EMERGENCY!

— SAVE ELECTRICITY!

A critical power shortage now exists in Southern Ontario. Savings in the use of electricity will be needed on the part of all citizens in order to avoid serious difficulties during the present winter period, and Hydro is asking all consumers to conserve electricity wherever possible in order to relieve this situation.

THE DAILY PERIOD DURING WHICH SAVINGS SHOULD BE EFFECTED IS BETWEEN 8 A.M. AND 8 P.M., AND CONDITIONS ARE PARTICULARLY ACUTE BETWEEN 4 P.M. AND 7 P.M.

Factories and industry are asked to switch from day to night operation, in whole or in part, wherever possible, and also to effect all power savings practicable. Street lighting should be reduced to the lowest level consistent with public safety.

THIS IS HOW YOU CAN HELP

- Eliminate the use of electricity for signs, billboards and store windows from 8 a.m. to 8 p.m.
- Eliminate all Christmas decorative lighting until Saturday, December 21st, and again after January 1st.
- Turn off lights when not required.
- Use the minimum number of lights in the living-room, consistent with good vision.
- Do not use electric air heaters and grates.
- Use electrically heated water sparingly and check leaking hot water taps.
- Do not use range elements on "high" when a lower heat will serve, and turn off all elements as soon as possible.
- Cook oven meals as often as possible and avoid the unnecessary use of surface elements.
- Turn the radio on only for programs desired; if not listening, turn it off.
- Operate electric toasters and other small appliances only as needed.

The electric power shortage is a general condition following six years of war and arising from the fact that it was impossible to proceed with the development of sufficient new power sites during the war because of the requirements for war production. Since the war, the critical shortage of men and materials has seriously delayed the development of new sources of power.

The Commission has been reducing loads within its direct control, wherever possible. These reductions are not enough, and it is now necessary to appeal for assistance on the part of all consumers.

Hydro appreciated the splendid voluntary assistance on the part of its consumers during the war, and believes that similar co-operation will be forthcoming at this time.

THE HYDRO-ELECTRIC POWER COMMISSION OF ONTARIO
