### More Profit in Early Chicks

Britain wants more Canadian shell eggs in the fall and winter months and is prepared to pay prices that will assure a profitable return to producers. Buying chicks in February and March means birds that will be laying well in the early fall. Current contracts with Britain assure a market for millions of dozens of Canadian eggs. The best way to get the most profit from this market is to buy early chicks. When the chicks are delivered don't overcrowd them in the brooder.

### Higher Yields From Good Seed

Clean seed of high germination means bigger and better crops for farmers. This picture shows a sample of seed being checked for cleanliness in one of the Dominion Department of Agriculture Seed Laboratories located at several centres throughout Canada. Germination tests are also made at these laboratories and seed cleaning plants are available to farmers in all parts of the Dominion.

CLEANSE... TONE... SMOOTH

Caring for the skin every night with a good night cream is the first step in maintaining or helping create a lovely skin. One or the other of these two wonderful ELIZABETH ARDEN creams should be used nightly:

ELIZABETH ARDEN'S VELVA-CREAM for fine, sensitive skins, \$1.25 to \$7.00  
ELIZABETH ARDEN'S ORANGE SKIN CREAM for dry skin, \$1.25 to \$6.50

The best preparations are an economy,  
YOU USE LESS — THEY LAST LONGER!
