**St. Paul's, Norval**

Holy Communion 1st Sunday in the month at 11 a.m. All other Sundays, evening service at 7:30 p.m. (Rev. H. Leigh Pink's address is: The Rectory, Norval, Ont., telephone: Georgetown 382 r 11.)

**BUY'S GARAGE BUSINESS IN CALEDON**

Mr. Charles Jeffery, who has been working for several months past at Farnell's Store, has bought the Silverdale Garage on No. 10 Highway near Caledon. In addition to his garage, he will carry a line of farm implements. There are five acres of land adjacent to the property, where Mr. Jeffery will do some farming and the building contains living quarters for himself and his wife. His position at Farnell's has been taken by Bob Harris, who was formerly employed with the Dayfoot Shoe Company.

The Royal Meteorological Society predicts a cycle of bitter seasons for Britain during the next two or three decades.

**HANDS AT WORK . . .**  
LEARNING TO WELD

**ONTARIO'S** future prosperity depends directly on a sufficient volume of production to satisfy domestic needs and assure for Canada a pre-eminent place in the markets of the world. Take the metal trades for example . . . never before has the demand, both here and abroad, for the products of Ontario's metal industries been so great. Production must be increased . . . but to meet new production goals, skilled hands are needed. For them great opportunities lie ahead. Higher wages, job security, better working conditions are within easier reach of those who have mastered a skilled occupation.

Today, through the plan sponsored by the Department of Veterans' Affairs and other agencies, hundreds of young workers are being trained to meet the needs of the metal trades. Graduates of these rehabilitation courses are now ready to take their places in Ontario's industry. Available to you are veterans, well started on the road to skilled metal working trades such as tool making, blacksmithing, machine operation, iron working, pattern making, welding and forging. Seek them out with confidence. They are your future craftsmen.

**WELDING**

The Welding Course gives the student a good knowledge and practical experience of both oxy-acetylene and electric arc welding. Available at Windsor, Hamilton, Toronto and Brockville, this course includes the study of different metals and alloys. The graduate, with further practice, should become a good all round welder.

Vocational training courses are offered at training centres located in the following cities and towns in Ontario: Toronto, London, Hamilton, Kitchener, Windsor, Ft. William, Brockville, Kingston, North Bay, Ottawa, Guelph, Kemptville, Haileybury.
