FRIENDS:
The few small jobs we have done this week have strengthened the impression that we can be of service in Georgetown. We have also taken an order from Toronto for trailer axles, which we will put in production as soon as steel arrives.
My brother, Eric Tomlinson, a good mechanic and formerly a craftsman in the RCME and gunnery graduate of the Academy of Military Science, has joined us here and hopes to make his home here soon. We are sure his mechanical experience will be of great assistance.
In our card of thanks last week we omitted one important party in our set-up here in Georgetown. He is Constantine Derdak, who has been with us for approx. four years and who formerly owned his own implement shop in Holden, Alberta. Thanks, Con.
- LES TOMLINSON
