**Isn't it a Fact?**

It matters little what you want to buy these days . . . soap, a shirt, a new car . . . even electricity (which you don't have to line up for) continues to be scarce in Southern Ontario.

Have you tried to build a home lately? . . . tried to buy building materials of any kind. What a headache! How would you like to be shopping for what's needed for a new electric power plant? Unimaginable amounts of concrete, steel and other materials, as well as tremendous quantities of electrical equipment, would have to be sought out and purchased.

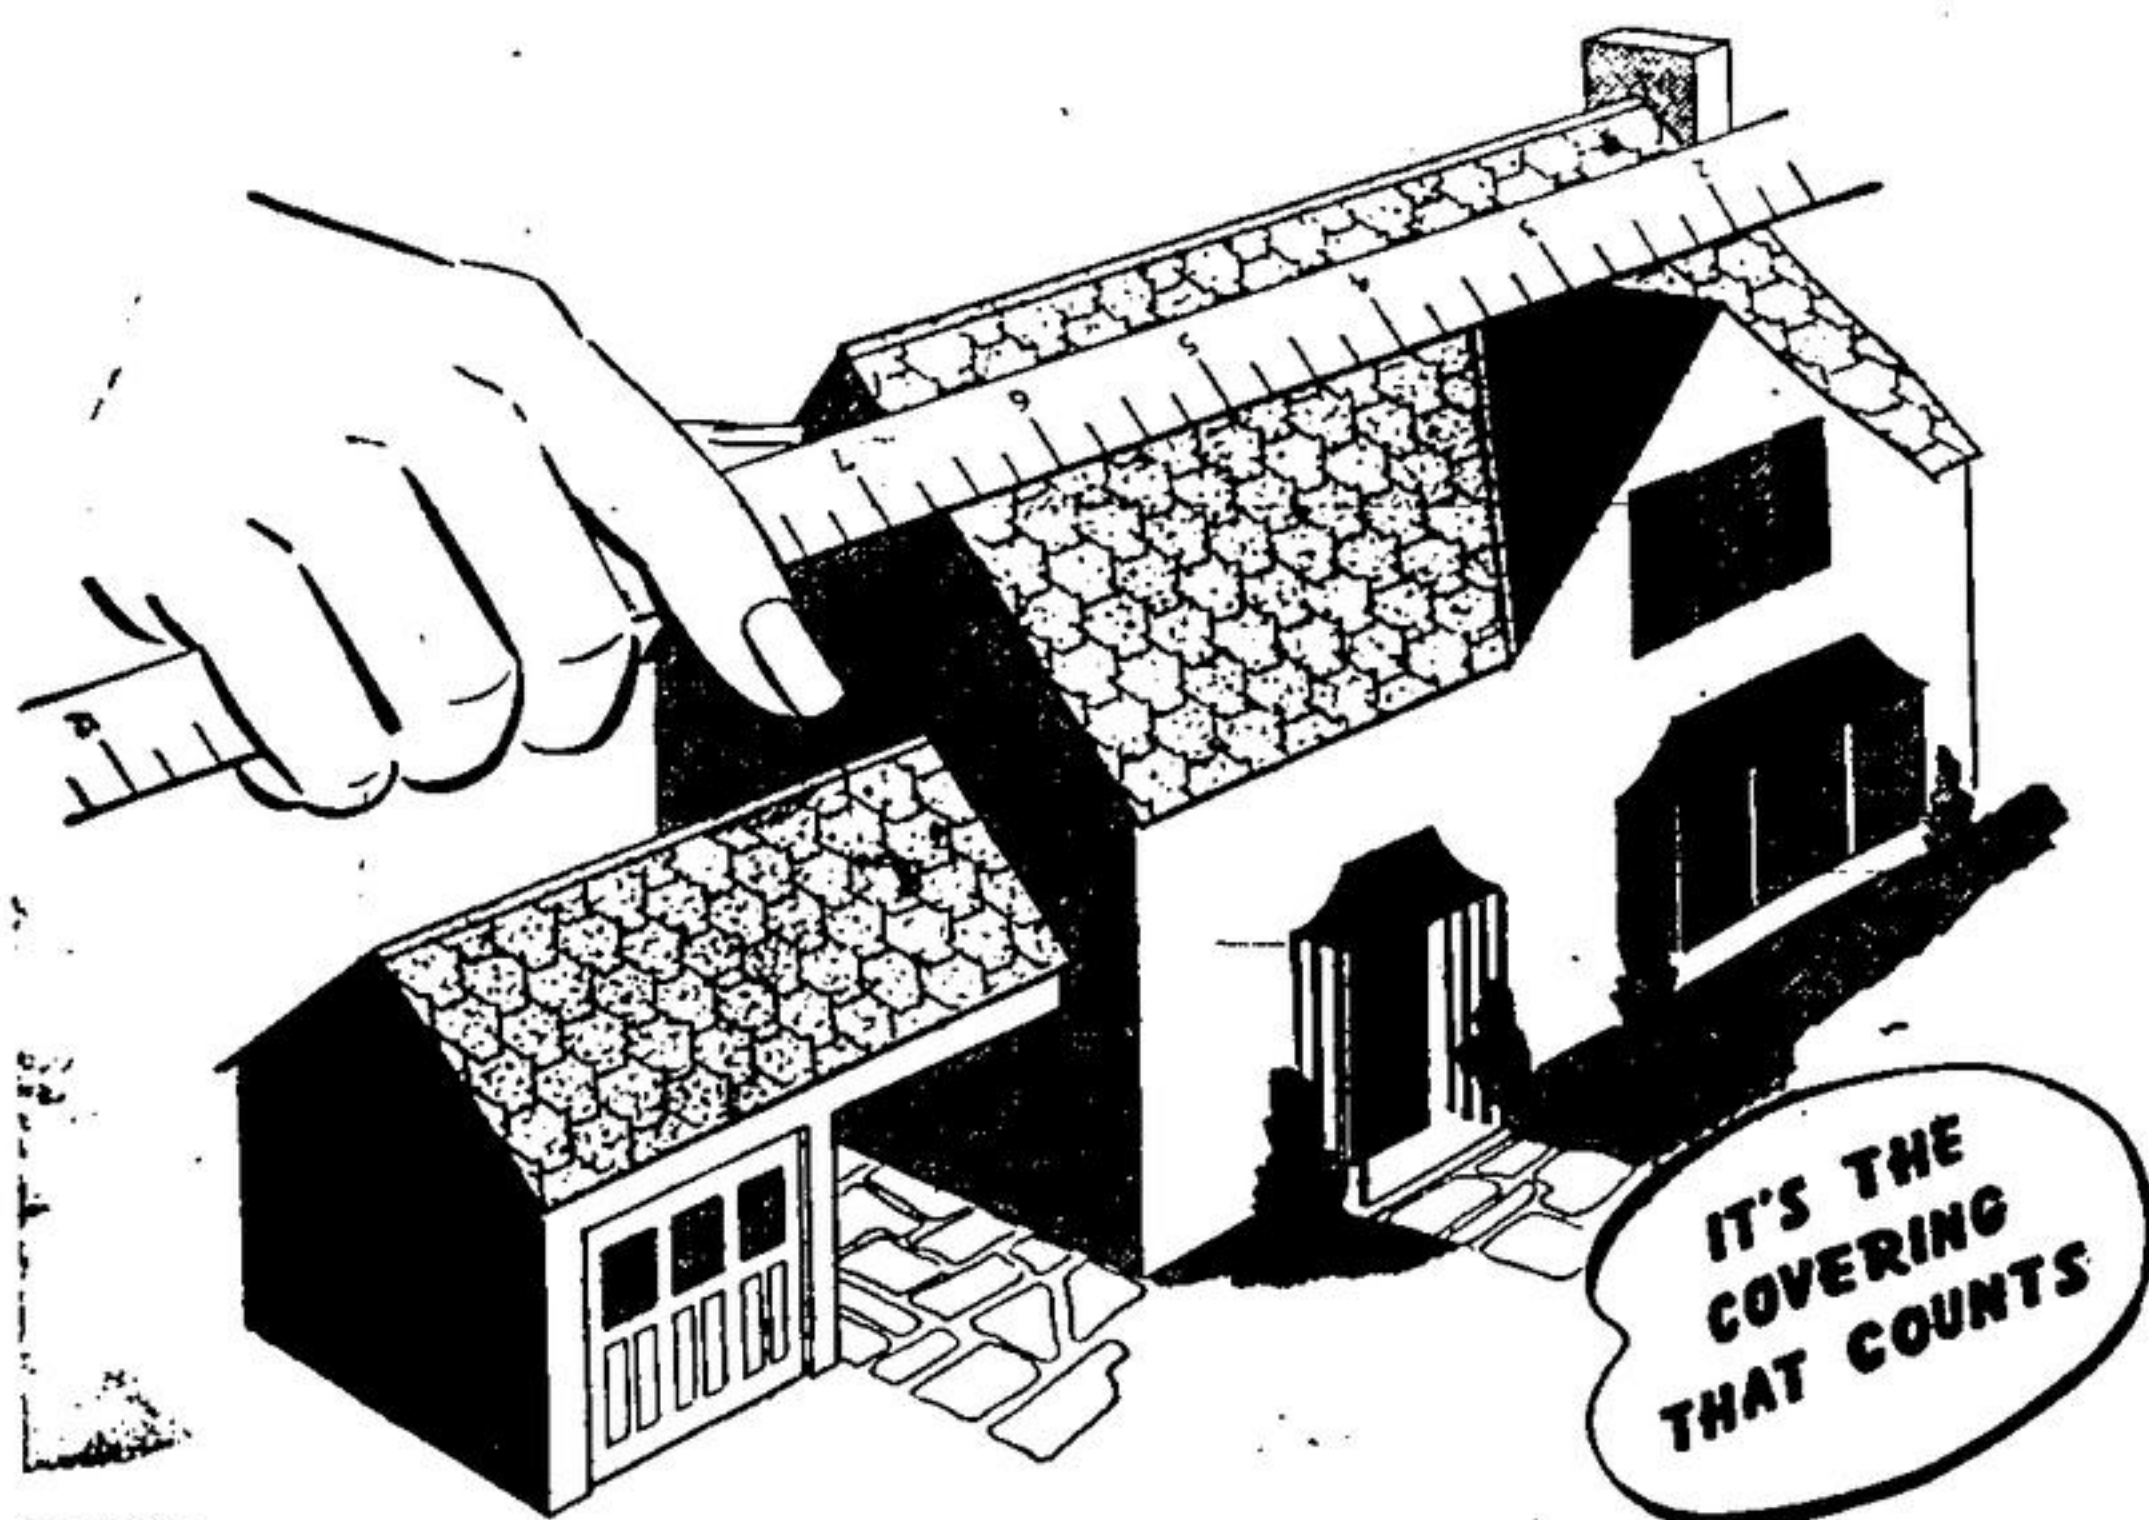

It takes several months now to get such equipment as transformers and costs are up by more than half. The bigger they are the harder they are to get.

What about the huge generating stations required to supply Ontario with an additional badly needed half-million horsepower? Well, they are being built. They were started years ago. But they cannot all be ready in 1947. Some won't be ready next year.

In the meantime, demand for electricity is growing faster than new power plants. Few people anywhere use as much electricity per person as in Ontario. Few have as much to use. Enjoy your low-cost electric power, but use it wisely. Your Hydro Commission is doing everything possible to increase the supply; but it will still be necessary to conserve electricity this fall and winter.

**HOLD TO THIS RULE ON ROOFING!**

It's a good rule to insist upon roofing that's made by experts. Give your home all the enduring advantages of Brantford Supertite Slates—the product of roofing specialists.

Ruggedly constructed . . . smartly modern in design . . . Brantford Supertite Slates have a special lock butt to keep each slate locked down tight—Supertite! Year in and year out, these durable, fire-resistant slates safeguard your home from the ravages of time and weather. They won't warp, curl or split . . . their beautifully blended colour combinations are non-fading . . . they enhance the value and the loveliness of any home.

Do as countless home owners have done—to their own great and lasting satisfaction. Specify Brantford Supertite Slates for your own roofing needs. Ask your dealer, your builder or Brantford Roofing's nearest office for full information.

Available in several attractive colour blends.

**TERRA COTTA**

Mr. and Mrs. Trestorff and family recently arrived here from Amsterdam, Holland, and are visiting with his brother-in-law and sister. Mr. and Mrs. Jordanus Van der Vliet. Mr. Trestorff tells us he is well pleased with Canada and is enjoying bananas and oranges, which he has not seen for years. Noting some of the exorbitant prices over there, he says bicycle tires sell for \$60. The Trestorff family will continue to Sault Ste. Marie for a visit with their daughter.

W. J. Rutledge met with a painful accident one day last week while hauling machinery. He was struck in the head and back with a pole, which may lay him up for some time.

A number from here went to the picnic at the 10th Line school sponsored by the teacher, Miss Mildred Eason, and spent an enjoyable day playing ball games, etc.

Norman Ican has returned from a fishing trip up north.

W. J. Rutledge has had his residence here shingled by those up to date carpenters Messrs. Campbell and Shortill of Ballinafad.

Miss Bamhart of Toronto spent a few days with Miss L. Laughton.

Mr. J. Burgess of Toronto called on Terra Cotta friends last week.

Visitors in our hamlet last week included Messrs. David and John Harber of Toronto.

Mr. Hogg, who has been on the sick list, is now on the mend. Mrs. J. Eaves is on the sick list again and we hope soon to hear of her complete recovery.
