

**NORVAL ARROWS TRIM
POST DOVER
FOR SECOND TIME**

Playing against Port Dover at Norval Recreational Centre last Friday night, the local Arrows had little trouble chalking up another win against Port Dover in their second encounter of the season with the Ports. This time the score ended at 10-3. Port Dover was hampered by lack of substitutes, bringing only nine men with them to stack up against the Norvalites who were at full strength. Port Dover led briefly 2-1 in the first period, but couldn't stand up against the superior work of the locals.

MIDGETS BOW TO WOODBRIDGE

In the first game of the evening's doubleheader, Norval Midgets were handicapped when many of their players failed to put in an appearance for a game with Woodbridge. With a few bantams put into the breach, a nine-man team was mustered, but Woodbridge proved too powerful and took the game 6-2. Clare Burns scored both the Norval goals.

FRIENDS:
Well, now are you this week? Reasonably happy, we hope, and getting over the holiday or shall we say holidays. Had a real nice time myself. The father was out from the city (he says he doesn't come to see his sons, just to see his granddaughter) and through the courtesy see one of the prominent knitting mill owners, we spent a very instructive hour learning the intricacies of knitting sock.

We are sorry we have had to put a "No Admittance" sign on the door leading into our shop. One of our customers came in the other day and while watching his job being machined, a loose piece of his clothing caught on the machine. No great damage was done, but we are responsible for any injury which occurs to outsiders in our shop. Like all machinery, ours seems very docile — then suddenly they bite. We don't want them to bite you.

We haven't much else to say. A machine shop, a few tools and lots of faith are all we have. They are at your disposal. We don't hope to satisfy everyone as that would be impossible, but we appreciate your patronage.

P.S. If you don't like our advertising, please come in and tell us so, preferably with a broken lawn mower, knitting machine or shaft in your hand. We will listen.
