WITH THE ANGLERS

by G. H.
Conditions over the week-end were
once again in favour of the Anglers.
Brown Trout

Bucktails and streamers are still
the best bet for taking Browns in the
Credit, especially at dams and in
rapids. The reason for this is the
fact that there is an abundance of
minnows at these spots. Without a
doubt they mistake these lures for
minnows. The best size minnow to
use is one about 2" to 3" long if one
wants to use live bait.

Change of Contest Rules
The ruling for weighing fish has
been changed as follows: Weigh the
fish at the nearest possible store
Have the owner sign a slip as a wit-
ness. The fish then has to be shown
to the one sponsoring the contest if
possible.

Lucky Anglers
BILL JIBBS has started the Brown
trout class off with an 18½", 2½ lb.
fish. The bait was a live minnow.

CHAS. HOARE JR. is taking a few
fair sized browns on a cream buck-
tail.

ORVAL RAYNER is taking
some nice ones.

NORMAN HERBERT is keeping up
with the other anglers.

DUNCAN TOST is another fly fi-
sherman who is having his share of
luck.

Anglers and Hunters Meeting
The name of our Association has
been changed from the Halton An-
glers and Hunters Association to the

Georgetown Anglers and Hunters
Association.

Last Friday evening a fair crowd
attended the meeting at the Oddfel-
lows Hall. Four lady archers and four
men archers put on a demonstration
for our members. The moving pic-
tures were enjoyed by all. Several
new members were signed up.

Mr. Reg Hannam of the Ontario
Federation of Anglers and Hunters
gave a speech about how our club
would benefit by belonging to the
Federation. There are about 80,000
sportsmen in the Federation at pre-
sent.

The following officers for 1947-1948
were elected:

President — Bern Knight
Vice-Pres. — George Muckart
Secy. — Treas. — George Hoare
Executive — Ted Bludd, Ken Rich-
ardson, James Costigan, Duncan Tost,
William Shelbourne, William Gibbs,
Norm Verdec, C. Christensen, James
Roe, Thomas Given.

Believe It or Not

A 13 inch Brown trout was caught
in the Credit recently on a cream
bucktail. The fish was found to have
devoured 6 chub all about 3" long.
Eighteen inches of food for a thirteen
inch fish. Not bad.

Gordon Graham again took his
limit of speckled trout. They were all
over eleven inches. The name of the
fly and the spot where he caught them
is not known.

Somewhere in the Credit a fly
fisherman hooked and nearly landed
a 14" brown trout. I say nearly landed
because the fish gained his freedom
when the angler grabbed the leader

and tried to heave him on the bank. The air was blue for awhile. It's not known yet whether he was cussing the fish for being smart or cussing himself for being stupid. There is one thing for sure if that fish had ears they would sure have been on fire had he not been in the water, oh Bud. That's all for this week so Good Fishing until next.
