## FOR YOUNG TRAVELLERS:

A wait between trains in a strange city with a couple of children in tow is a prospect grim enough to appal the most competent young mother, but from now on the new three-room nursery in the Canadian Pacific Railway's Windsor Station in Montreal will give both parent and youngster a chance to rest, relax and freshen up before continuing their journey. The nursery is in charge of a trained ma-

tion, and its playroom (top) is equipped with an indoor slide, blocks and toys with which the kiddies can be turned loose. The "quiet" room (lower left) has cots for the children to sleep in and chairs for their mothers to relax. Two diminutive tubs are provided in the bathroom (lower right) where a young lady, from Northern Ontario enroute to Nova Scotia, is seen bathing her 14-month-old boy. A hot plate, bottle warmer and steril-

izer are available for preparing milk and formulas, and the rooms are all decorated with pictures and "transfers" of animals and children. Miss Ethel Alexander, R.N., the matron-in-charge, who can be seen in the upper picture, keeps an eye on the children while mothers go about errands in the station — seeing about tickets or having a meal.

Mr. Editor: Yes Sir, the weather is cool, but what a relief for a day or two. Just to assure you that summer is not over, I checked the weather for the corresponding date last year, and it dipped to 70; but was soon in the upper 80's again. So perhaps hot weather will return.

## Vacation Bible School Conducted at Churchill

A very successful Daily Vacation Bible School was held in Churchill United Church on the following days, the 10th of July, and the 14th to the 18th inclusive. Rev. O. R. and Mrs. Flindall conducted the school of 28 pupils, eight in the Primary, fifteen in the Junior and five in the Senior. Mrs. Flindall was in charge of the Primary, Junior classes. Mr. Flindall being in charge of the Seniors. The school was held during the mornings only from 9 o'clock to 11:30, and the Bible was the main text book studied. The opening period was a devotional service, the address of which was illustrated as much as possible by pictures, models and posters. Then the classes began, handwork was emphasized, and almost every method of visual education was brought into use. The children learned not only by hearing, but by seeing and doing as well, and there was the keenest interest shown throughout the duration of the school. On Thursday, the children were treated at recess to ice cream, cake, and chocolate milk contributed by interested parents and friends.

On Friday night there was a closing session to which the parents and friends were invited. A service of worship was held at the close of which an exhibit of the work of the school was given. The children were presented with prizes for attendance and memory work. They were also given all the various articles they had made during the school, such as book marks, mottoes, and posters. Mr. and Mrs. Flindall were delightfully surprised at the close of the service when the children presented them with a 22 piece set of lovely dishes, a bouquet of roses to Mrs. Flindall and a tie to Mr. Flindall, in appreciation of the splendid leadership and comradeship during the six day day term of school.

The Bible deserves to be taught in as interesting ways as possible, and our boys and girls need and are worthy of the best possible teaching of the Book of Books.
