## Brampton Juniors Too Good For Norval Monday

Norval Arrows bumped up against their toughest opposition this year on Monday night when they took on Brampton Juniors in an exhibition game. The more experienced Bramptonites played a close-checking, rough game and held the Arrows to two goals, while they counted eleven. Brampton stands third to St. Catharines and Mimico in their Junior league, and it looks as if Norval will have a bit tougher opposition in the play-offs if they beat out Fergus in their group. Brampton incidentally has trimmed Fergus in two exhibition games this year.

## Pee-Wees Beat Woodbridge 10-3 at Norval

The Norval and Woodbridge Pee Wees gave lacrosse fans a real treat at Norval last Friday when the Norval lads won a 10-3 victory in their first game of the year. The boys in both communities were on tenterhooks all day with several rain showers threatening to postpone proceedings. An Englishman, an Irishman and a Scotsman were arguing as to which of their respective countries had the lightest men.

The Irishman, full tilt at the obvious, led with, "We have men of Cork."

The Scotsman, "Yes, but we have men of Ayr."

"But said the Cockney, "We have lightest men on the Thames."

It was enough.

VACATIONING AT JASPER . . . Their Excellencies, Viscount and Viscountess Alexander and their family are spending a ten-day holiday at luxurious Jasper Park Lodge, distinguished resort centre in the heart of the Canadian Rockies, before continuing westward on official duties. At top, they are standing at the doorway of Outlook Cottage with their children. They are, left to right, Shane, Brian, Peter Smith, a friend of the family, and Rose. It was in the same cottage that Their Majesties, King George and Queen Elizabeth, stayed while at Jasper during the Royal tour of 1939. At bottom, the Governor General demonstrates his skill by sinking a putt at the 16th hole of the famed Jasper golf course, located amid the beauties of snow-capped mountains and cool lakes.

FRIENDS—

Do you remember our ad last week — a lot of drivel about that steam shovel of Scott-Jackson's wearing out? Well, the parts we mentioned didn't bust, but some of the gadgets on the jaws of the bucket wore and do you know where they brought them? Yestr, Excelo!

Had a comparison brought to my attention this week which I had never considered. Met a fellow socially at a large gathering and during the course of the evening we got well acquainted. I found out he was a doctor and we talked about medicine. After awhile we talked about machine shop practice. Seems he put in ten years before he purchased a practise and hung out his shingle. We put in ten years and ten thousand dollars before we decided to try and organize our own shop.

Where is the comparison in our little story? The doctor is qualified to attend your bodily ills. It took us just as long learning to attend your machinery and develop your ideas that put money in your pocket. We like to feel that we are doing a job and being of service, just as a doctor is, twenty-four hours a day.

Just as our friend the doctor, we overhear, usually indirectly, some statements that could apply to our own shop, usually as follows:

Mrs. Jones to Mrs. Brown — "And it was only 4 and Dr. — came and said that a dose of castor oil and a spanking was all little Iodine needed. And he charged me two dollars!! I'll never go to him again!" . . . And so forth and so on into the night.

Well, come in and see us. We will try and put our stethoscope on your job, but we won't promise to be as lenient as the doctor.

— LES TOMLINSON

P.S.—Some of the most intelligent people we have met in Georgetown have said they like our ad. Don't be too ashamed to read it.

Jean - Did you hear the good news?

Bill - What's that?

Jean — About Barrager's. They've got their new cleaning plant in operation.

Bill — That's great. I was talking to Don the other day and he said I can get a suit cleaned and pressed now with FOUR DAY SERVICE.

Jean — You're not the only lucky one. No more waiting when I want my good dress cleaned. That FOUR DAY SERVICE applies there too.

Bill — Barrager's doing their own cleaning will certainly get away from the troubles you have when clothes are sent to the city for cleaning.

Jean — Where is the plant?

Bill — It's that new building behind Long's Store — and he's got the very latest in cleaning and pressing equipment.

Jean — What's he going to do with his place on Wesleyan Street?

Bill — He's still keeping that for an office, and of course the usual pick up and delivery service applies.

Jean — I'm going to phone 233 right now and get that dress cleaned.
