THE MIXING BOWL

By ANNE ALLAN
Hydra Home Economist

Hello Homemakers! A cool atmosphere in a home is a relief on hot muggy days. Better yet a tall, cold drink is certain to make one feel fine. Unkindness, stale cooking odors, wilted flowers, all seem to add to the intensity of the heat. Picture instead a tidy, airy living room with cool colors, bowls of fresh garden flowers and clean, crisp curtains. Now if some one drops in you are ready to serve a summer drink in attractive glasses with lots of ice. Don't spend too much time on the preparation of refreshing beverages but make one to enjoy and it is good policy to always have one on hand: chilled and ready to serve. Here we list some tempters.

Tea Tinkle
1/4 cup water
1/4 cup granulated sugar
12 sprigs mint, chopped
1/2 cup grapefruit juice
1 1/2 cups freshly made tea
1/4 tsp. salt
Combine water and sugar; simmer 8 minutes. Pour over the chopped mint leaves. Cool, stir into fruit juice, salt and tea. Pour over ice in 4 tall glasses and stir. Serves 4. For extra flavour, add 1 tsp. currant jelly to each glass of Tea Tinkle.

Pink Party Punch
1 tin grapefruit juice
1/2 tin apple juice
3 tbsps. maraschino juice
1 cup ginger ale
Combine all ingredients; mix thoroughly and add 1/2 tray ice cubes. Chill until frosty. Serve with a cherry for each glass.

Prune Pick Up
1 cup prune juice
2 tbsps. lemon juice
1 tsp. honey syrup
Few grains cinnamon
Chill thoroughly in electric refrigerator. Serve over crushed ice in fruit glasses. Top with lemon slices.

Frost Mint Chocolate

2 squares chocolate
1/4 tsp. salt
1 cup water
1/4 tsp. peppermint extract
1 quart milk
1/2 cup sugar
1 tsp. vanilla
1 pint ice cream

Melt chocolate, add boiling water and boil until thick. Add sugar and milk and cook 5 minutes. Chill, add flavoring, salt and half the ice cream. Then beat with a rotary beater until well blended. Serve in tall glasses with a tablespoon of ice cream.

THE QUESTION BOX

Mrs. H. C. asks: Can raspberry vinegar be used for boiled salad dressing or just beverages?

Answer: It should have some mother-of-vinegar added and then aged for four months to make it good vinegar and then it may be used in French salad dressing. Raspberry vinegar may also be used in quantities of 1/4 cup juice with one cup water for beverage.

Mrs. T. C. asks: Can gelatin moulds be allowed to set again if they become watery in a warm place.

Answer: Yes, gelatin mixtures lose very little nutritive value.

Mrs. M. J. asks: Would you wax a highly polished table to prevent plastic tablecloth from sticking to it.

Answer: Yes, although a cotton slencoe cloth is the ideal covering with the plastic over it.

Mr. T. P. asks: If milk is purchased from an accredited herd is it necessary to pasteurize it and if so, at what temperature.

Answer: Yes, pasteurization of milk is cheap health insurance on the farm. A thermometer reading of 138 degrees should be used for 3 minutes.

Licensed as Lay Reader
At St. Alban's

On Sunday last, at St. Alban's Church, Glen Williams, Mr. H. F. Beaumont received the Bishop's license as Lay Reader. Immediately after the processional hymn the Rector received Mr. Beaumont at the Altar Rail, and requested him to read the declaration. This done, the archdeacon read the License, and presented it to the newly-licensed official, conveying the Lord Bishop's greetings to him and the congregation. Mr. Beaumont then took his place at the Prayer Desk on the north side of the Chancel, and during the course of the morning service, read the lessons. The late Joseph Beaumont, father of H. F. Beaumont, occupied the same prayer-desk for many years.

VERSATILE ACTOR
Glen Burns, versatile radio actor heard frequently this summer in comedy and tragedy roles on the drama series "It's a Legend," Sundays at 9:00 p.m. EDT, on the CBC Trans-Canada network and station WNEW, in New York. A native of Medicine Hat, Alta., Burns may be remembered for his performances on "Stage 47" productions last winter.

Today we Live in a Greater Canada

Foreign Flags over OTTAWA

TELL OF CANADA'S IMPORTANCE IN THE MODERN WORLD

20 years ago there was none... ten years ago only four... TODAY there are 24 Ambassadors, High Commissioners and Ministers representing their governments at Canada's capital. Striking evidence, that, of Canada's new place among modern nations!

We emerged from the war a far greater country than we ever were in pre-war days. Peacetime accomplishments are maintaining that new greatness today.

In the 80's we had a High Commissioner in London, and an Agent-General in France—but we had little say in our foreign affairs. Canada negotiated with foreign powers through the British Foreign Office, with Empire countries through the British Colonial Office.

In World War I Canada won the right to a separate signature to the Treaty of Versailles. That made 1919 an important date for us. Then, in 1931, we and the other Dominions gained recognition as equal partners with the United Kingdom.

GUY PURSER is a young Canadian who started in 1931 with a gasoline station. Today, as a result of applying his knowledge of motor cars, his energies and talents to the full, he has developed a unique business in automotive service. His success has enabled him to fulfill a long nourished ambition to train and ride his own jumping horses, taking part successfully in open competition, and to turn his dramatic abilities profitably to playing leading roles in motion pictures.

GUY PURSER says: "I'm glad I decided to follow my career in Canada. There were opportunities when I started out. There are much greater ones now. No longer need young Canadians go beyond our borders to follow the road to success. It lies before them in Canada today."

World War II... Canada's achievements in battle overseas and in production at home won us world recognition as a modern power. The great majority of the embassies at Ottawa were established during the war years.
