Plowing Champs Will Tour England

A trip to Britain for the winner and runner-up in the "Eso Champion" tractor plowmen's class at the International Plowing Match, to be held October 17th at Hemlock Park Farms near Kingston, Ontario will again be awarded by Imperial Oil Ltd. The tour will include leading British agricultural areas and the opportunity to compete in the International match in Northern Ireland and other British matches.

All winners of the "Eso Champion Tractor Special" awards at county matches in Ontario last year are already eligible and winners of similar events to be held in Ontario this year at the 70 branches of the Ontario Plowmen's Association may also compete for the trip.

Plowmen from all other provinces may compete in the "Eso Champion" class at the International match without previously qualifying.

In addition to the trip the winner receives a gold medal and the runner-up a silver medal.

Last year's winners, Fred Timbers, gold medalist, and Alex Black, silver medalist, are not eligible to compete this year. They toured agricultural areas of England, Ireland and Scotland with the Canadian team last year but did not compete because all matches in which they were scheduled were cancelled due to extremely bad weather in the British Isles.

Brampton Lions Plan Great Garden Party

With fifteen star acts, the Brampton Lions Garden Party on Friday night at Fred McBride's farm on No. 10 highway, 2 miles south of Brampton, promises to be one of the biggest entertainments offered in the district in some time. Al Harvey, who entertained at the Lions Show here last June is on the program, together with Dumbell star, Pat Rafferty, singers Harry and Della Binna, acrobatic Helen Chapman, Dolly Bronson and her elephant "Belivar" and a Punch and Judy show, among others. The program is directed by Harry Binna, formerly of the Dumbells and the Sunnyside Merry-makers.

Chairman of the entertainment committee arranging the party is Lion Vince Mountford, whose firm as a Canada Packers traveller makes him well-known among Georgetown businessmen.

HANDS AT WORK...

LEARNING REFRIGERATION

ONTARIO'S productive capacity is the measure of her future prosperity. To assure this province a prominent place in domestic and foreign trade markets, skilled hands are needed. Increased production of refrigeration units will mean a greater need for skilled servicing. Veterans, basically trained in schools and ON THE JOB, will fill this need as they are absorbed into industry. For those who have mastered skilled occupations, higher wages, job security and better working conditions are within easier reach.

Through plans sponsored by the Department of Veterans Affairs and other agencies, hundreds of young workers are being trained for refrigeration servicing. Graduates of training schools are ready now to take their places in industry. Craftsmen of the future, they will have a share in Ontario's progress—an important part to play in her industrial development.

REFRIGERATION

D. C. Guiry, 23, of Toronto, a veteran of 15½ months' service in the Royal Canadian Air Force, is shown checking the operating pressures on a domestic training unit.

The Refrigeration Course gives the student a theoretical and practical knowledge of domestic, commercial and air conditioning units.
