### Three Graduate From College of Pharmacy

Three young men who served their apprenticeships in Georgetown drug stores were listed among the graduates of the Ontario College of Pharmacy when results of the final year were released last week. They are Walter Cook, Stewart Young, and Jack Cornett. Walter, who has accepted a position in town at MacOormack's Drug Store, received second class honours. He left his position as apprentice there to serve with the army.

The other two both enlisted in the RCAF while working at Robb's Drug Store. Stewart, who received second class honours also, worked at a drug store in his home town, Stratford, after he returned from overseas. Married to an English girl, they are now making their home in Harrow in Essex County. Jack, a native of Dundalk, served overseas in India as an RCAF pilot. He received pass standing in his exams, and has a couple of "suppes" to write for his degree. He has accepted a position with a drug store in Windsor.

### TERRA COTTA

Mr. and Mrs. Harvey Puckering of Toronto have moved back to their old home on Isabella Street and we kindly welcome them back to our midst.

The Ukrainians have got their dancing pavilion completed ready for operations. It is a fine structure and we understand they intend having their opening early in September. They also have some fine cottages erected and have sold several building lots. Watch Terra Cotta grow, eh!

Mr. and Mrs. Norman Ican have been up to Meaford on a fishing trip and report having got a nice haul of the speckled beauties.

Mr. Ben Young, we understand has gone on a motor trip to the West again. We wish him a safe trip.

Mr. R. J. Stringer, we are sorry to learn, is on the sick list again. We all hope soon to hear of his complete recovery.

Mr. T. Zillo lost over a hundred cedar posts in the recent floods, and Roger Brothers of the 10th Line had part of their dam washed out.

Recent visitors in the village included Miss Louise Bessey of Stewarttown and Mrs. J. Duncan and son of, Toronto.

Mr. Abbie DeForest has had the hydro installed in his residence. Success to you, Abbie.

Our local quarries report doing a rushing trade in stone this summer. Threshing is now the general order of the day and bumper turnouts are reported.
