Lion Secretary J. L. Lambert continued a series of short talks by members on their vocations, giving some of the trials and tribulations of being a high school principal. Enjoy AUTUMN...

"Give a man a horse he can ride" . . . and you'll find one of the most exhilarating of autumn sports. Every year, more and more Canadians take to the trails—novices, nervously eyeing their first horse, and veterans of the saddle, eager to feel the grip of the reins in their hands again. Everyone enjoys the thrilling sound of crisp leaves crunching under foot and the galaxy of colour flaunted by our Canadian countryside!

But...

RIDE CAREFULLY

Don't be reckless when both path and horse are strange to you. Slow down when approaching paved roads or cars. Bring your horse to a walk when returning to the stables. Above all, remember . . . horses have feelings. Be master of your horse—but be a kind one.
