ST. GEORGE'S CLUB
The regular meeting of St. George's Club last evening took the form of a tour of the Provincial Paper Lower Mill. Mr. Joe McMenemy conducted the members through the mill explaining all the interesting process involved in paper making beginning with the raw material and finishing up with a high quality product for which Provincial is noted. Despite the many large tanks, rollers, etc., all members came through the trip with all their fingers and toes intact.

Returning to the Clubrooms, a short business meeting was held and the program for the next meeting was drawn up. The program for November 11th will consist of a scavenger hunt, followed by the usual business meeting and lunch.

After the business session, the members played Ping Pong and miniature bowling, while Bill McNally made the tea.
