Your vote and influence is respectfully solicited for

Thomas L. Lyons

AS COUNCILLOR FOR 1948

Owing to the fact that the municipality has assumed several onerous obligations in 1948, it would appear to be wisdom on the part of citizens to elect men of experience to continue and complete the different projects.

NFB. Makes Film on Weekly Paper to Get World-Wide Distribution

The vital role of the Canadian weekly newspaper in the life of the community and the nation soon will get recognition on the motion picture screen. A film, still untitled, and currently in the stage of being edited, is to be produced by the National Film Board depicting the important position held in each of the vital role of the Canadian community by its weekly paper.

When released, the film will be available to film councils and film libraries and is being considered for release to theatres. It will also get nation-wide screening and the NFB's extensive system of rural circuits. Eventually, it will be given international distribution through the Board's foreign offices, Canada's embassies, legations and trade commissioners' offices. In this it will probably be produced in a number of foreign languages and may go to as many as 70 countries other than Canada and the United States.

NFB's film on the weekly newspapers of Canada will not be a mere screen document of the mechanics of publishing a paper. Of necessity, it will show the operations of publication but the principal aim of the production will be to emphasize how vitally the paper and its editor and staff enter into community life and activities, how they serve the area covered by the paper and how the activities in that area affect the paper and its contents and services.

Rather than leap from one place to another and try to cover all of the hundreds of weekly newspapers in the Dominion - a process that would result in confusion and defeat the purpose of the film - the production will center around a single publication and use it to tell the story of all weeklies. Morton Parker, NFB director and his production crew spent several weeks filming the community and neighbouring countryside at Vernon, B.C., concentrating on the Vernon News. The News, well-known to all weekly publishers and editors, was selected as representative of all Canadian weeklies. Release dates for the film have not been set.

We See This Week

THAT with lifting of sugar rationing, the local Wartime Prices and Trades Board office which operated in the Municipal Office in charge of Mrs. W. V. Grant, has been closed.

THAT road conditions were bad over the week end, and several cars were reported in the ditch on No. 7 Highway and on the Ballinafad side-road.

THAT we erroneously reported last week that "Wm. Verrege is building a house on Sarah Street beside Ed Warren's." It was a double error, for it is Dave Brydon that is building the house beside Ed Wilson's.

That Mrs. Cecil Brown, who has been working as cashier in the Dominion Store, has accepted a position with A. L. Bouck and Co., accountants and auditors. Mr. Charles Chapman has taken her place on the Dominion Store staff.

THAT work is progressing on Gord Harley's new garage on John Street and a second storey is being put on the building.

BALLINAFAD

It was Review Night when the Farm Forum met on Monday at the home of Mr. and Mrs. Larkman. A discussion was also held on grain prices and the farmers' position since subsidies were removed. Plans were made for a euchre party to be sponsored next month. An invitation was accepted to meet with the Stone School Forum next Monday.
