### News and Views of Interest to Farmers

#### SEED REQUIREMENTS MAY BE SHORT

All prospects point to a shortage of good seed grain for the 1948 spring seeding. True even though Ontario harvested a light grain crop in 1947, there is plenty of good seed grain in Ontario, if it can be retained for that purpose. The shortage of feed grain and the high price of this commodity is likely to result in a lot of grain which should be kept for feed, being used for feed, states Agric. Rep. J. E. Whitlock. It is generally accepted by those who know the facts, that food is going to be the determining factor in many countries of the world as to whether they retain their democratic form of government, or adopt communism. Cereal grains consequently, are likely to be in strong demand for several years. This means that Ontario Live stock producers must be prepared to produce more of their own feed grain, requirements in the years ahead.

Halton farmers, therefore, would be well advised to secure their seed requirements in the immediate future. Good seed is likely to cost 40 to 50 cents a bushel more than a year ago, but even at that Halton farmers cannot afford to use poor seed.

#### HALTON JUNIORS ON THE AIR

Halton Juniors added another laurel to their well bedecked crown, with their outstanding Broadcast over CHML, Hamilton, on Saturday evening, November 29th. "What encouragements are there under present conditions for Junior Farmers to commence farming for themselves," was the subject under discussion. Those participating in the broadcast, which many unbiased listeners voted the best of the series to date, were Evelyn Pickering, Oakville; Cedric Harrop, Milton; Gordon Leslie, Acton; Craig Reid, Georgetown; and Geo. Pelletier, Palermo. The script was prepared and the cast trained by Cameron Wilson and Ismyr Kean, first and second vice presidents of the Halton association. A pleasing feature of their broadcast was a recorded interview between Cameron Wilson and John Cornah and Alex Campbell, the two British youths who recently spent some six weeks on this continent. While in Ontario, the two young men were guests of the Ontario Junior Farmer Association. During their brief stay in Halton, visits were made to Woodlands Orchard, Valley Great Farm, and the farm of R. T. Wilson and Son of Milton. The musical end of their programme included the score of "Oklahoma". Our congratulations are extended to Halton Juniors for their able and pleasing presentation.

## READY'S

Main Street Georgetown

"Lucky Penny" and a senior play "Snobs." Both had the right amount of humour to make them interesting and all parts were well portrayed by the cast. The musical entertainment included solos by Jean (Chester and Ken Harrison, a double trio, girls quartette and one of the highlights of the evening the school's Glee Club. Dances were included on the programme and they were very good. At the end of the programme on Friday night the students showed their appreciation to the teachers for their hard work by presenting the women teachers with flowers and the male members of the staff with books.

After commencement on Friday night a large number of students went up to the school and had a dance. There was lots of singing, dancing and the like. Mr. Lambert and Mr. Prouse were there to supervise and joined in the fun. Mr. Lambert's favourite song "Home on the Range" was sung once or twice. It was a swell party and everyone we're sure had a good time.

To end this week's column we are going to throw in a bit of refined gossip: At the commencement last Friday it was the first time we ever saw an insurance agent at a loss for words. What male teacher was seen taking in the wash last Saturday with a cute clothespin apron on? Mother's little helper, no doubt.

#### LIMEHOUSE

The December W.I. meeting was held at Mrs. H. Norton's on Thursday last when the topic was Historical Research, the program being arranged by Mrs. Sanford and Mrs. Ellerby in the absence of the regular convenor. Mrs. Ellerby read a paper on the topic. It was decided to put the amount usually spent in an exchange of Christmas gifts in the birthday box to be used as a flower and fruit fund. Christmas carols were sung at intervals during the meeting. The hostess served lunch afterwards.
