## For Artificial Ice Opening Friday

### TOWN WILL PLAY INTERMEDIATE 'A' HOCKEY

Monday 3-1 in Ragged Opener Monday - Familiar Faces Missing, But Winning Team Shaping Up.

The plans has resulted in a Papermakers getting the elevation to Intermediate ranks instead of "B" which had had only two games last week. It will be a difference to the league as they will continue to play in the composite district but will be matched in the Weston, Oakville, Milton and Brampton (the bye to the finals) and Orangeville Legions. For Orangeville will decide the championship among themselves.

Monday the season's opener Georgetown victors over Milton 3-1 score. The play was as might be expected from a team which had had only two games, both on Milton ice, but many towners had less excuse as they had an exhibition match with the juniors (which the youngsters took by the way). Much of the season yet to even predictions, but the usual staff is present and the score practice will see the Paters up to form.

Ferri did the heavy scoring in an unassisted tallies, both scrambles, while Kenpy Nash, a former from a few years ago who sparkled in a Stratford last year, tallied number in a play set up by Scooty. Ferri, always one of the best of the forward string, appeared by a roughing up he in a Brampton lacrosse Rochester over the week-end this didn't stop his scoring. Hal "Lucky Strike" Gibbons showed well for the last year and Kent Storey shaped up as a newcomer. Rene Martin, made a good addition to the defence. Earl Emond who has stepped up from junior ranks was in uniform for the game.

Low faces on the team include Binsell, who played junior a few years back and Max Murray, brother of player-coach Leigh Bradbury. Jack Rhodes is in the net with Abbie Kemshad relieving. Jack Birtwistle is in defence again and Jack Kemshad, who played only a few games last season is back to show the opposition just what speed Georgetown has.

Leigh Bradbury, as we said, is handling the coaching chore this year, combining it with wing play, and Don Barrager is assisting from the bench. Leigh will be a busy boy as he has also taken over coaching the Juniors with the assistance of Walk Richardson.

Monday's line-up: Jack Rhodes, Scooty Patterson, rd.; Rene Martin, id; Max Bradbury, c; Hal Gibbons, lw; Kent Storey, rw; alternates, Ken Nash, centre; Nick Ferri, Leigh Bradbury, Jack Kemshad, wings; Jack Birtwistle, Eddie Binsell, defence; Abbie Kemshad, goal.

### TWO NEW MEMBERS AT LIONS DINNER

Reeve Alex MacLaren and Norris Smith, manager of the Dominion Store, were welcomed into the Lions Club Monday evening at their regular dinner meeting in the McGibbon House. Lion Chief Harold McClure did the honors and assured both gentlemen that they would be officially initiated into the Club at the next regular meeting along with other new members when District Governor Bill Phillips of Paris would be present. These two Lions will have the honor of being the first members to be initiated by the District Governor.

The Finance committee found it necessary to recommend that the yearly dues be increased, and this was passed by the meeting.

The Club, in co-operation with Canadian Lions Clubs, pledged to send regular food parcels to Britain through the District Zone headquarters in Toronto. Two Lions will be responsible each week for the collection of funds for these parcels.

Committees were also appointed to select an entrant for the oratorical contest to be held in March, and also for the regular Lions St. Patrick's dance.

Much discussion took place in regard to juveniles frequenting the streets late at night, and the matter was left over for further action.

### GEORGETOWN WILL HAVE BOYS' BAND

Georgetown will have a boys' band again. This decision was made last night at a meeting of the Recreational Council at which Harry Marshall, Alf Perrott, Arthur Herbert and Ed Petros of the senior band were present to discuss reorganizing a boys' group to provide the nucleus of future town bands. Mr. Perrott has offered to instruct the boys without charge and Town Hall will be made available for weekly practices. Mr. Herbert said that there were 25 to 30 instruments available for the band some privately and some publicly owned and that with proper organization there was no reason why in a year's time Georgetown could not have a first-rate group of young musicians to provide replacements for the prize-winning senior group. Parents of young men interested will be interviewed and an effort made to impress on them the value of musical training and the necessity for regular attendance at practices. Boys from age eight will be eligible for membership. Recreational Director Hal Newman said that music was available without cost from a library established by the government in Toronto.

### A big evening is planned for Friday at Georgetown Memorial Arena.

Not only will it mark the season's first league game at home, but it will be the first time a game has been played here on the new artificial ice surface.

Eight o'clock is the scheduled starting hour and the half-hour before game time will be occupied with dedication ceremonies. The Logno Scots Band will be in attendance and an important aspect of the ceremony will be a two-minute silence for Georgetown men killed in the war, in memory of whom the rink is being dedicated.

Visiting dignitaries for the night will include Tory Gregg, a member of the OHA executive and sports commentator for radio station CKNX, Wingham and Tiny McFadyen of Galt, 1st vice president of the OHA. George Panter and W. A. Hewitt, O.H.A. president and secretary are in the west and are not attending. An effort is also being made to have Syl Apps of the Toronto Maple Leafs and Georgetown's Bob Goldham of the Chicago Black Hawks act as lineamen. It is doubtful if training regulations will allow Bob to make the trip and as press time hockey club officials had been unable to contact Apps. Referee Walsh will handle the game and Mayor Joseph Gibbons and Parks Board Chairman W. G. Bell have been asked to face the first puck.

### IMMUNIZATION CLINICS

A series of clinics for the immunization of infants and preschool children in Georgetown will be held by the Halton County Health Unit in the Library. The first of these clinics will be held on Friday, January 16th beginning at 2.30 p.m.

At these clinics immunization against small pox, diphtheria, whooping cough and tetanus (lock-jaw) will be available.

Immunization should begin as early as possible in a child's life, not only because reactions are less among the younger children, but also because the protection, especially against whooping cough, is most vital in the first year of life. For protection against diphtheria, whooping cough and tetanus, three injections each 3 or 4 weeks apart are needed. There should be a "booster" or re-inforcing dose one year after the original course of injection and another just before the child commences school. These injections should begin when the child is 3 to 6 months of age. Vaccination against small pox should be done at the same time.

Miss O. Chant, Public Health Nurse, will be in charge of these clinics and Dr. James M. Mathers will carry out the immunization procedures.

This is another service being offered by the Halton County Health Unit to the people of Georgetown. Parents are urged to take advantage of these procedures for the benefit of their children.

### Board of Trade Executive Meet

#### Plan for Retailers' Meeting Later This Month

The executive of the Board of Trade met on Tuesday evening to discuss future plans for the organization. After much discussion it was agreed that the Retail Division the most important branch of the Board should be put on a more solid basis, so that when emergencies arose, they could be dealt with wholly by the Retail Division, executive. It was planned to call a meeting later this month when a 100 per cent attendance of the retailers is asked.

Looking back over the past year, the Board recalled action having been taken on one of their recommendations, that of postal boxes for Georgetown, which it is hoped will soon be in operation.

While the Board did not appear on the surface too active last year, it was felt by the executive that they had probably enlarged beyond their ability to handle all matters coming before them, due to the lack of time on the part of members. However, the annual meeting will be held in April when the future activities of the Board will be planned.

Movement of Canadian food and food products from the farms on the Dominion to the United Kingdom was job of the year for Canadian Pacific railway and steamship facilities. It was also one of the first cars on which the Canadian Pacific slogan "Spans the World" appeared. Picture at the right shows 1,500 horsepower diesel electric road engine which was tested by the C.P.R. under all types of operating conditions to see if and where it would be used to advantage over steam power.
