Sunday Fire Damages Snyder's Cartage Trucks
A fire caused when gasoline ignited while repairs were being made to a truck owned by Norman Snyder, caused considerable damage to the vehicle. The fire broke out about five o'clock on Sunday afternoon in the Snyder's Cartage warehouse on Young Street. Prompt action of the fire brigade, whose members had been attending a meeting at the fire hall, was credited with keeping the fire from reaching major proportions. It was there was some damage to the roof and to an interior partition and a second truck was also damaged by fire. The burning truck was towed from the building during the height of the fire and luckily the gas tank didn't explode. Some water damage was caused to machinery in the Excelso Manufacturing Company which occupies part of the building.

RECORD CROWD AT FIREMAN'S BALL
The biggest crowd yet jammed the Rose Room on New Year's Eve when Georgetown Fire Brigade again staged their usual year-end ball. There was dancing till the wee sma' hours and the huge crowd seemed to thoroughly enjoy themselves. This annual ball seems to grow larger each year, and has reached the point where it seriously taxes the capacity of the Rose Room to hold it.
